# SEO Changelog: How Much Does It Cost to Go to Crab Island?

URL: https://crabislandtikitoursdestin.com/about-crab-island/how-much-does-crab-island-cost/ | WP page ID 789 (block content) | Last modified July 27, 2026 | Audit date: October 28, 2026 | Page 10 of the site queue

Method: content, headings, links, images and SEO meta were pulled from WordPress through the site connector. Template issues A to G (see the What Is Crab Island changelog) apply here too.

## 1. Summary

| Item | Current state |
|---|---|
| Role | Price-intent page ("crab island cost", "how much is a boat to crab island"). Readers here are comparing prices right before booking, so wrong numbers cost sales directly. |
| SEO title | How Much Does It Cost to Go to Crab Island? 2026 Prices (55 characters, good) |
| Meta description | 154 characters, quotes $50 and $900 |
| Body copy | About 1,600 words, two tables. The page contradicts itself on the private charter price. |
| Headings | Three empty H2 tags after Key Takeaways (same as How to Get). |
| Internal links | 2 body links (charter link broken, FAQ link fine). |
| Competitor on sister site | bikkinibottomboat.com/how-much-does-it-cost-to-get-to-crab-island/ targets "Crab Island tour cost" with public tickets $59.99 to $74.99. |

## 2. Critical fixes

| # | Issue | Fix |
|---|---|---|
| 1 | P1 The page contradicts itself on price | "A $900 charter split 18 ways lands at $50 per person" assumes a flat $900 for 18 people. The same page says the base rate covers only 8 guests "with an additional charge for each guest above that", and the per-person table shows "$900 plus per-guest add-on" for 12 and 18 people. Both can't be true. Confirm the real pricing in FareHarbor, then rewrite the per-person section with the actual numbers. |
| 2 | P1 Crossover math is wrong | "The crossover point sits around eight to ten people." Using the page's own numbers (about $55 per shuttle seat, $900 base charter), 8 seats cost about $440 and 10 cost about $550, both well under $900. Even before any add-on, the break-even is around 16 people. Recalculate once real prices are confirmed, or the claim will lose trust with anyone who checks. |

| | | |
|---|---|---|
| 3 | P1 Prices differ from the charter page | This page: from $900 for 4 hours, 6 and 8 hours "depend on date and group size, call for a quote". Charter page: 4 hours from $800, 5 hours $1,000, 6 hours $1,200, 8 hours $1,600, published. "Our charter rates are fixed and published" is true only if this page shows them. Add the full rate table (section 5). |
| 4 | P1 Three empty H2s | Delete them. |
| 5 | P2 Shuttle length | "One seat, about 3 hours." Bikkini Bottom's public tour is 4 hours. Use "3 to 4 hours" and keep the price range in line with the How to Get page. |
| 6 | P2 Unverified figures | "Florida's boater safety course costs around $14" and "fuel... $60 to $150 on a full day". Confirm with FWC and two local rental shops, then add "as of 2026". |

## 3. SEO title and meta description

| Field | Current | New |
|---|---|---|
| SEO title | How Much Does It Cost to Go to Crab Island? 2026 Prices | Keep. Update the year every January. |
| Meta description | How much does it cost to go to Crab Island? The sandbar is free. Boats are not. Shuttle seats from $50, pontoons $400 to $800, private charters from $900. | **Crab Island is free. The boat isn't. Compare 2026 costs for shuttle seats, pontoon rentals and private tiki charters, plus cost per person for groups.** (150 characters). If you keep prices in the meta, update them whenever FareHarbor changes. |
| Focus keyword | Primary: **crab island cost**. Secondary: how much does it cost to go to crab island, crab island boat rental price, crab island charter price, is crab island free. | |

## 5. Content rewrites (paste-ready)

### H2: Crab Island Tiki Tours 2026 Rates (new)

Fill from FareHarbor. Current figures from the Charter and Sunset pages shown; the per-guest add-on is unknown.

| Trip | Length | Price from | Guests included | Extra guests |
|---|---|---|---|---|
| Private Crab Island Charter | 4 hours | $800 | *(8? or 18?)* | *$__ each, up to 18* |
| Private Crab Island Charter | 5 hours | $1,000 | | |
| Crab Island and Sunset Charter | 6 hours | $1,200 | | |
| Full-Day Crab Island Charter | 8 hours | $1,600 | | |
| Private Sunset Cruise | 1.5 hours | $400 | | |

> Prices are for the whole boat. A USCG-licensed captain, bathroom, shade, life jackets, Bluetooth speaker and a cooler with ice and water are included. Gratuity is not included. Check live availability.

### H2: Cost Per Person: Shuttle vs Private Charter (template, recalculate)

> Shuttle seats cost about $55 to $60 each, so the total grows with every person. A private charter is one price for the boat *(plus $__ per guest above 8, if that rule stays)*, so the cost per person drops as your group grows.
>
> | Group size | Shuttle seats (about $60 each) | Private 4-hour charter | Charter per person |
> |---|---|---|---|
> | 6 | $360 | $800 | $133 |
> | 10 | $600 | *recalculate* | |
> | 14 | $840 | *recalculate* | |

| | | | |
|---|---|---|---|
| 18 | $1,080 | *recalculate* | |

For groups under about a dozen, shuttle seats usually cost less. Once you get close to the boat's 18-person capacity, a private charter costs about the same per person and gives you the whole boat. *(Adjust the crossover after filling in the add-on.)*

### New FAQ

> **How much should I tip the captain?** *(Owner to decide the guidance, e.g. "15 to 20% is customary for good service." Many visitors search this, and answering it removes friction.)*

### Revised FAQ: How much does a 6 or 8 hour Crab Island trip cost?

> A 6-hour Crab Island and Sunset Charter starts at $1,200, and an 8-hour full-day charter starts at $1,600. *(Confirm, then add any per-guest add-on.)* See all lengths on our private Crab Island charter page.

### Wording fixes

- "Our charter rates are fixed and published." Keep only after the rate table is added.
- "the difference between $600 and $900 spread across a dozen people is a few dollars each" is $25 each. Use the actual number: "about $25 each".
- "A couple on a shuttle might spend $120 total." Matches $60 seats. Keep.

## 8. Technical

| # | Item | Action |
|---|---|---|
| 1 | P1 One source of truth for prices | Prices currently live in at least 8 places (Home, Charter, Sunset, Bachelorette, hub, 3+ guides, meta descriptions). Create one synced pattern for the rate table and reuse it, so a price change happens once. |
| 2 | P2 Schema | Article and FAQPage. Keep Product/Offer schema on the Charter page only, so prices in schema exist in one place. |
| 3 | P3 Optional calculator | A small "cost per person" calculator (group size and trip length) would help visitors and is likely to earn links from Destin trip-planning sites. Build it only after prices are settled. |

## 9. Tracking

| Event | Setup |
|---|---|
| book_now_click / phone_click | `guide_name=cost`. Price pages often drive phone calls ("call for a quote"), so phone_click matters here more than on other guides. |
| rate_table_click | Clicks on any trip in the rate table, with `trip_length`. |
| calculator_use | If the calculator is built: fire with `group_size` and `trip_length`. Gives you real demand data by group size. |
| Search Console | Track "crab island cost", "is crab island free" and "crab island boat rental price". Watch whether the sister site's cost page and this one swap positions. |
