SEO Audit & Changelog: Destin SEO Company

URL: **https://rockstar-marketing.com/destin-seo-company/** · WP ID 11989 · Builder: Classic editor · SEO plugin: All in One SEO
Audit date: 2026-10-25 · Created / last modified: 2023-01-02 · Page 12 of 33 in the site queue

Summary. This page targets "Destin SEO Company" as its focus keyword, but **Semrush has no rankings for this URL in the top 100**. Home ranks **#1** for "destin seo company" (590/mo), "destin seo" (210) and "seo destin", and #2 for "seo company destin fl" (260). Google has already chosen Home for this intent, so this page is a cannibalization risk with no upside in its current form. The copy is about 330 generic words with "Destin SEO" repeated 12 times, and its one internal link sends the anchor "Destin SEO Company" to the empty /locations/ page.

Decision: re-focus, don't compete. Turn this page into the **Destin Local SEO & Google Business Profile** page: map pack, GBP, reviews, citations, Apple/Bing Maps. Its job is to support Home, which owns the head term, and to fill the "GBP Optimization" backlog item from the Services audit. Six rewritten pages (Home, Services, /seo/, Clients, FAQ, Locations) already link here with the anchor "local SEO in Destin", which matches this plan. Local search volume for "local seo destin" is around 0/mo in Semrush, so expect this page to convert visitors coming from Home and the service pages, plus long-tail queries, rather than to drive large traffic of its own.
Alternative (if you don't want to maintain it): 301 → Home. It has no rankings, so a redirect loses nothing.

Method note: the live site can't be reached from the audit environment. Data comes from WordPress (connector), AIOSEO and Semrush US (no ranking data for this URL). *Verify live* = check in the browser.

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Cannibalization	Change the focus keyphrase from "Destin SEO Company" (owned by Home) to **"Local SEO Destin"**, with Google Business Profile, map pack and reviews as secondary terms. New H1 and title (§2). Link up to Home with the anchor "Destin SEO company".
2	P1	Wrong internal link	Anchor "Destin SEO Company" → /locations (an empty page, no trailing slash). Replace with links per §4.
3	P1	Generic, stuffed copy	About 330 words, "Destin SEO" ×12, no specifics. Replace with the ~1,000-word local SEO page in §5.
4	P1	Duplicate H1	The content H1 "Destin SEO Company" plus the theme title (*verify live*). Keep a single H1: **"Local SEO & Google Business Profile Services in Destin"**.
5	P2	Map iframe	Fixed width="1000", no lazy-load, no title. Make it responsive, add loading="lazy" and title="Rockstar Marketing on Google Maps".
6	P2	Short links	Two `goo.gl/maps` links (Google has retired the goo.gl shortener). Replace with full Google Maps URLs, ideally the GBP "share" link and a directions URL.

7	P2	Experience claim	"2 decades of Destin SEO experience" → "since 1996", consistent with the site-wide note (WD-14).
8	P2	Image	Stock photo `57306854_m1-300x189.jpg`, floated left, with keyword alt "Destin SEO Company". Replace it with a real GBP/map-pack screenshot (e.g. Rockstar Marketing's own map-pack result), with alt "Google map pack results for a Destin business".
9	P2	Meta description	125 characters, with a grammar error ("understands local SEO how important it is"). Rewrite (§2).
10	P2	No CTA / NAP	No phone, button or address text, only a map. Add a CTA and the NAP.
11	P3	Schema	`Service` (serviceType "Local SEO", areaServed Destin) + `BreadcrumbList` (Home › Locations › Destin Local SEO).
12	P3	Template sibling pages	The FWB, Santa Rosa Beach and Pensacola SEO pages were made the same week (Jan 2023) and probably share this template. Each one needs unique local copy; this page sets the pattern.

`<h2>` **Why the Map Pack Matters for Destin Businesses**
`<p>` Destin has two audiences: year-round locals and millions of visitors who arrive with no favorite restaurant, charter or shop. Both search on their phones, both trust Google reviews, and both choose from the map. If your Google Business Profile is incomplete, inconsistent or short on reviews, you're invisible to customers who are ready to buy today. [→ /destin-florida/]

`<h2>` **Our Destin Local SEO Services**

`<h3>` **Google Business Profile Optimization** `<p>` We fix your categories, services, description, hours, attributes and service area, upload geotagged photos, publish weekly posts and set up Q&A, so Google understands exactly what you do and where.

`<h3>` **Review Generation & Management** `<p>` A simple system (text, email, QR codes or NFC cards) that turns happy customers into 5-star reviews, plus professional responses to every review, good or bad.

`<h3>` **Local Citations & NAP Consistency** `<p>` We make your name, address and phone number identical across Yelp, Facebook, Tripadvisor, the Chamber of Commerce, industry directories and data aggregators. Inconsistent listings quietly hold rankings back.

`<h3>` **Apple Maps & Bing Places** `<p>` Every iPhone uses Apple Maps and Siri by default, which matters in a tourist town. We claim and optimize your Apple Business Connect and Bing Places listings. See our Apple Maps and Bing Places FAQ. [→ /faq/#apple-bing-maps]

`<h3>` **Local Content & City Pages** `<p>` Service pages, location pages and local blog posts that prove to Google you serve Destin, Miramar Beach, Sandestin and Okaloosa Island, built on a fast, mobile-friendly site. Need a new one? See Destin web design. [→ /web-design/]

`<h3>` **Local Link Building** `<p>` Links and mentions from Destin-area organizations, events, sponsorships and local media, the signals that separate the top three from everyone else.

`<h2>` **Industries We Help Rank in Destin**
`<p>` Restaurants and bars · fishing and boat charters · vacation rentals · attractions and tours · real

estate · home services and contractors · medical, dental and legal practices · retail and boutiques. Most of them also grow faster with our Destin social media company. [→ /destin-social-media-company/]

`<h2>` **Proof: We Rank #1 in Destin Ourselves**
`<p>` Our own site ranks #1 on Google for "Destin SEO company" and "Destin SEO". We've been building and ranking websites since 1996. [Add 1–2 local client results: "Destin [business type]: from not listed to #1 in the map pack for '[keyword]' in [N] months; calls up [X]%."]

`<h2>` **Destin Local SEO FAQ**

`<h3>` **How long does it take to get into the map pack?** `<p>` Many businesses see map ranking gains within 30–90 days of fixing their Google Business Profile and citations. Competitive categories take longer.

`<h3>` **Do I need a physical address in Destin to rank?** `<p>` You need a real address or a defined service area. Google ranks businesses closest to the searcher first, which is why your profile setup matters so much.

`<h3>` **Can you fix a suspended Google Business Profile?** `<p>` [Yes/No. Your policy.] More answers on our FAQ page. [→ /faq/]

6. Tracking & Measurement

Priority	Item	Action
P1	Lead events	`cta_click` (destin_local_top / bottom), `phone_call_click`, `generate_lead` with service=local_seo, city=destin.
P1	Cannibalization watch	In GSC, compare "destin seo company" impressions for / vs /destin-seo-company/ before and after the change. Home should keep 100% of the impressions; this URL should pick up local-SEO, GBP and map-pack queries.
P2	directions_click	On the "Get directions" link (replaces goo.gl).

P2	GBP Insights	Track your own GBP calls, website clicks and direction requests monthly. Use the GBP website link with UTM `utm_source=google&utm_medium=organic&utm_campaign=gbp` (as recommended on Home).
P3	Local rank grid	Semrush Map Rank Tracker (or similar) for "seo company" / "marketing agency" across a Destin grid, to show map-pack coverage. It's also a sales asset to show prospects.

7. Technical SEO

Priority	Item	Finding / Action
P1	Single H1	Keep the content H1 and hide the theme title (or the reverse).
P1	Map iframe	width="100%", aspect-ratio wrapper, loading="lazy", title attribute.
P2	goo.gl links	Replace both with full https://www.google.com/maps/... URLs.
P2	Schema	`Service` {serviceType "Local SEO", provider @id org, areaServed {City Destin}} + `BreadcrumbList`. Don't redefine LocalBusiness here; reference the site-wide entity.
P3	Image	Replace the stock JPG with a WebP screenshot, with width/height set.
P3	If you choose the 301 alternative	301 /destin-seo-company/ → /, update the 6 inbound "local SEO in Destin" links to point at /seo/#local-seo, and remove the page from the sitemap.
