SEO Audit & Changelog: Santa Rosa Beach Social Media Company

URL: **https://rockstar-marketing.com/santa-rosa-beach-social-media-company/** · WP ID 12026 · Builder: Classic editor · SEO plugin: All in One SEO
Audit date: 2026-10-25 · Created 2023-01-03 · Modified 2023-01-04 · Page 19 of 33 in the site queue

Summary. This is the only city social page that ranks for anything. Semrush: **#8 for "santa rosa beach video marketing"** (50/mo) and **#19 for "santa rosa beach digital marketing"** (40/mo). The video ranking is surprising, because the page never mentions video. With a video section added, top 3 is realistic. "Digital marketing" intent belongs to the SRB SEO page (audit #18), so this page should link there rather than compete. As with FWB (audit #16), widen the scope to **"Santa Rosa Beach Social Media & Video Marketing"**.

Problems: about 330 words of generic copy with no 30A references, the **same stock image used on three city pages** (182142720_s), and keyword anchors → /locations and goo.gl. The map embed is a **driving route from the Walmart Supercenter in Santa Rosa Beach to your Destin office**. It's a clever idea, but it shows a big-box store as the landmark and it's hard to read. Replace it with a simple office pin plus a "Get directions" link.

Method note: the live site can't be reached from the audit environment. Data comes from WordPress (connector), AIOSEO and Semrush US. *Verify live* = check in the browser.

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Scope (protect #8)	H1 **"Santa Rosa Beach Social Media & Video Marketing"** and a video H2 with 2 H3s. Focus keyphrase "Santa Rosa Beach social media"; secondary "Santa Rosa Beach video marketing", "30A social media marketing".
2	P1	No local content	Generic copy. Rewrite around 30A content opportunities: Seaside, Rosemary and Alys architecture, sunsets at Grayton, wedding season, rental turnover days (§5).
3	P1	Keyword anchors	"Santa Rosa Beach Social Media Company" → /locations and " Rockstar Marketing" → goo.gl (with a leading space inside the anchor). Replace per §4.
4	P1	Duplicate H1 / H2 stuffing	Content H1 + theme title (*verify*). The H2 "Advanced Santa Rosa Beach Social Media Company" just repeats the H1 keyword. Use a real outline instead (§3).
5	P2	Shared stock image	182142720_s is used on the Destin, FWB and SRB social pages, with the keyword as alt each time. Use a unique 30A image.
6	P2	Walmart route map	Replace the directions embed (Walmart Supercenter → office) with the standard office map (responsive, lazy, titled) plus a "Get directions" link.
7	P2	Meta	Template title; the description is cut off mid-list ("services, products,"). New values in §2.

8	P2	No CTA / NAP / proof	Add CTAs, phone, results and "serving 30A from Destin".
9	P3	goo.gl	2 goo.gl links → full Maps URLs.
