Summary. Semrush has **no measurable search volume** for "Fort Walton Beach social media company/marketing/management". Volume for these local social phrases is too small to register. There is one related term with real demand: **"fort walton beach video marketing" = 50–70/mo, KD 10**. Home currently ranks **#12** for it and /video-marketing/ #50, and there's no FWB video page. Recommendation: widen this page to **"Fort Walton Beach Social Media & Video Marketing"**. That gives it a keyword with real demand while keeping the social focus for lead conversion. The current copy is about 420 words of generic AI text with a **fabricated-sounding statistic** ("90% report a tenfold increase in exposure"). It has the same template problems as the other city pages: keyword anchor → /locations, keyword anchor → goo.gl, the same stock photo as the Destin social page, and a fixed map.

Method note: the live site can't be reached from the audit environment. Data comes from WordPress (connector), AIOSEO and Semrush US. *Verify live* = check in the browser.

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Keyword scope	Add video to the page's scope: H1 **"Fort Walton Beach Social Media & Video Marketing"**, a video H2 section, and a link to /video-marketing/. Keep the slug. Focus keyphrase "Fort Walton Beach social media"; secondary "Fort Walton Beach video marketing".
2	P1	False statistic	"An impressive 90% report a tenfold increase in exposure" is a garbled survey stat (no source, and "tenfold" isn't in any known study). Remove it.
3	P1	Generic copy	About 420 words of buzzwords ("Big Idea Brand Campaigns", "Attribution & Optimization Reporting", "whilst") with no FWB specifics. Rewrite (§5).
4	P1	Bad links	Keyword anchor → /locations (empty) and keyword anchor → goo.gl. Replace with the links in §4.
5	P1	Duplicate H1	Content H1 plus theme title (*verify*). Keep one.
6	P2	Duplicate image	Same stock photo (182142720_s) as /destin-social-media-company/, shown at 342×228 (upscaled from 300px), alt = keyword. Use a distinct, real FWB image.
7	P2	Meta	Title is a template; description is a generic first sentence. New values in §2.
8	P2	CTA / NAP	None. Add CTA buttons, phone, and "serving FWB from Destin".
9	P2	Map + goo.gl	Fixed 1000px iframe and 2 goo.gl links. Same fix as the other city pages.

10	P3	Uniqueness	Must not reuse sentences from the FWB SEO page or the Destin social page. Each angle below is specific to FWB.
