1. Summary

Area	Current state	Priority
Cannibalization	The post and the Sunset/Fireworks service page (ID 672) both target "Destin fireworks cruise" (40–90/mo). The bigger **informational** searches, "destin fireworks" (590, KD 29) and "destin fireworks schedule" (70), have no page. This post is the natural home for them.	**High**
Thin, sales-only content	About 400 words. The schedule section is 2 sentences. No start time, no months, no viewing spots on land, no parking or weather info: the things people searching "Destin fireworks" actually want.	**High**
Headings	No H2/H3. Three **H4s wrapped in `<strong>`**. The post title is the only H1.	**Medium**
No booking link	The CTA says "Contact Bikkini Bottom... Visit us at bikkinibottomboat.com", which links to the homepage. There's no link to the fireworks cruise or its FareHarbor item (550737).	**High**
Rank Math	SEO title and meta empty. Focus keyword "Destin Firework Cruise" (singular, cannibalizing).	**High**
Guide link list	The Crab Island link list (inline blue styles) is pasted at the end of a fireworks post. Not relevant here.	**Low**
Rendering	Content is Gutenberg blocks but the builder flag says Elementor. VERIFY which version renders (an Elementor single-post template, or Elementor data overriding the blocks).	**Medium**
