SEO Changelog: Gallery

URL: https://crabislandtikitoursdestin.com/gallery/ | WP page ID 55 (Elementor) | Last modified July 15, 2026 | Audit date: October 29, 2026 | Page 18 of the site queue

Method: page content and SEO meta were pulled from WordPress through the site connector. The live URL could not be loaded from the audit environment, so how the gallery renders in the browser should be confirmed with "View page source" or Chrome DevTools.

1. Summary

Item	Current state
Role	Social proof page: shows the boat, real groups and Crab Island. Linked from the main menu. Can also bring Google Images traffic for "crab island" photo searches.
SEO title	Crab Island Tiki Tours Photo Gallery | Destin, Florida (54 characters, good)
Meta description	222 characters. Google will cut it around 155 to 160.
H1	"GALLERY" (all caps, no keywords)
Text	None. The page is an H1 and 22 photos.
Photos	22, using the Elementor Gallery widget. The saved HTML has empty links with no `<img>` tags, which suggests the widget shows the photos as CSS backgrounds. Google Images doesn't index CSS backgrounds, and they can't carry alt text.
Lightbox titles	Raw file names such as "c134c4ef-aaa3-463a-9137-309d672eba29" and "image-11", shown to visitors when a photo opens.
Links	None. No booking button.

2. Critical fixes

#	Issue	Fix
1	P1 Photos may be invisible to Google	Check the live page source for `<img` tags inside the gallery. If there are none, switch from the Elementor (Pro) Gallery widget to the "Basic Gallery" widget or individual Image widgets, which output real `<img>` tags with alt text.
2	P1 File names shown to visitors	The lightbox title comes from each image's Media Library title. Rename the titles (and ideally the files) to short descriptions, e.g. "Bachelorette group at Crab Island". Fill in alt text and captions at the same time.
3	P1 No text or links	Add a short intro, section headings, captions and a booking button (section 5).
4	P2 Meta description too long	Shorten (section 3).

3. SEO title, meta and H1

Field	Current	New
SEO title	Crab Island Tiki Tours Photo Gallery | Destin, Florida	Keep, or **Crab Island Photos | Tiki Boat Tours in Destin, FL** (50 characters) to target "crab island photos".
Meta description	Explore our Crab Island Tiki Tours photo gallery and see why guests love spending the day on our private captained tiki boat. View real photos from families, large groups, birthdays, and bachelorette parties in Destin, FL.	**Real photos from our private tiki boat trips to Crab Island in Destin, FL: families, bachelorette parties, birthdays, sunset cruises and the boat itself.** (153 characters)
H1	GALLERY	**Crab Island Photo Gallery**
Focus keyword	Primary: **crab island photos**. Secondary: crab island pictures, destin tiki boat photos, crab island bachelorette photos.	

Bikkini Bottom's gallery already targets "Crab Island Photos". If you'd rather not compete with the sister site, keep the current title and focus on "tiki boat" photo searches.

4. Heading structure

Current

```
H1  GALLERY
    (22 photos, no other headings)
```

New

```
H1  Crab Island Photo Gallery
    (2 to 3 sentence intro)
H2  Our Tiki Boat
H2  Days at Crab Island
H2  Bachelorette Parties and Birthdays
H2  Families on the Water
H2  Sunset Cruises
H2  Share Your Photos                    (hashtag / tag request)
H2  Book Your Own Crab Island Day
```

Sort the 22 existing photos into these sections. Each section's H2 matches what people search for and what the meta description promises.

5. Content rewrites (paste-ready)

Intro under H1

> These are real photos from our private tiki boat trips out of Destin Harbor: families floating at Crab Island, bachelorette groups, birthdays and evening sunset cruises. Every trip has room for up to 18

> guests, a USCG-licensed captain and a bathroom onboard. See our private charters.

Section intros (one line each, with a link)

> **Our Tiki Boat:** Our 32-foot tiki boat has shaded seating for 18 and a full bathroom. Read our story.
>
> **Days at Crab Island:** The shallow, clear sandbar just north of the Marler Bridge. What is Crab Island?
>
> **Bachelorette Parties and Birthdays:** Bring your playlist and your crew. Bachelorette charters.
>
> **Families on the Water:** Most of the sandbar is 2 to 4 feet deep. Is Crab Island family friendly?
>
> **Sunset Cruises:** Golden hour on the Emerald Coast. Private sunset cruise.
>
> **Share Your Photos:** Tag us on Instagram or Facebook *(add handles)* and we may feature your trip here. Ask permission before posting identifiable guests.

Caption examples

- "Bachelorette group floating at Crab Island, July 2026"
- "Tiki boat anchored at the Crab Island sandbar"
- "Sunset over Destin Harbor from the tiki boat"

Write captions only for what each photo actually shows. Dates and group types help both visitors and image search.

6. Internal linking

Anchor text	Target	Placement
See our private charters / Book	/charters/private-crab-island-charter-destin/	Intro + final CTA
Bachelorette charters	/crab-island-bachelorette-party-destin/	Bachelorette section
Private sunset cruise	/charters/private-sunset-cruise-in-destin-fl/	Sunset section
What is Crab Island?	/about-crab-island/what-is-crab-island-destin/	Crab Island section
Is Crab Island family friendly?	/is-crab-island-family-friendly/	Families section
Read our story	/about/	Boat section
Book Now (button)	FareHarbor booking flow	Final CTA

Inbound: link to the Gallery from Bachelorette ("see bachelorette photos"), Our Story and Home.

7. Images

Current file / lightbox title	Action
c134c4ef-...jpg, 9accaf87-...jpg, 48189cb1-...jpg	Hash names from a phone or app export. Rename, add alt and caption, convert to WebP.

image-3, image-4, image-9 through image-23, image-12-1	Rename titles and alt to describe each photo.
thumbnail-1, thumbnail-3, thumbnail-4, thumbnail-7	Same. These are reused on Home, Bachelorette and several guides, so good alt text here helps everywhere.
Sightseeing-Cruise-image-1.webp	Check it shows this business's boat; the name suggests a stock or older image.

- Set "Image size" to medium or large (not full) for thumbnails, with lazy loading on.
- Pick the best photo as the page's featured image for social shares.
- Get written permission from guests who are clearly identifiable before using their photos.

8. Technical

#	Item	Action
1	P1 Indexable images	See critical fix 1. Afterwards, confirm in Search Console's URL Inspection (View crawled page) that the img tags appear.
2	P2 Image sitemap	Rank Math includes images in the page sitemap automatically once they're real img tags. Check /page-sitemap.xml lists them.
3	P2 Page weight	22 full-size images can be heavy. Use thumbnail sizes in the grid and full size only in the lightbox. Check mobile LCP.
4	P3 Schema	Optional ImageGallery or CollectionPage type in Rank Math.

9. Tracking

Event	Setup
gallery_open	Fire when a lightbox opens (GTM click trigger on gallery links). Shows how engaged visitors are.
book_now_click	`button_location=gallery`.
Google Images traffic	In Search Console, filter Performance by Search type: Image to see if the new alt text brings image-search visits.

10. Changelog

#	Area	Change	Priority	Status
1	Technical	Confirm img output; switch to Basic Gallery or Image widgets if needed	P1	To do
2	Images	Rename titles and files, add alt text and captions to 22 photos	P1	To do
3	Content	Intro, 6 section H2s with one-line intros and links, booking CTA	P1	To do

4	Headings	H1 "Crab Island Photo Gallery"	P1	To do
5	Meta	Shorten description to 153 characters; decide on title	P2	To do
6	Links	Add 7 links; add inbound links from Bachelorette, Our Story and Home	P2	To do
7	Technical	Thumbnail sizes, lazy loading, featured image, image sitemap check	P2	To do
8	Content	Photo permission and "Share Your Photos" section	P3	To do
9	Tracking	gallery_open, book_now_click, image search report	P3	To do
