SEO Audit & Changelog: About Us

Summary. An About page isn't there to rank for keywords. Its job is **trust (E-E-A-T)**: it tells Google and prospects *who* is behind the business. This one names no people at all: no founder, team, history, credentials, photos or reviews. It's about 270 words of claims ("The Premier... company you will find", "99% of other firms don't work with Rockstars"). It may also have **two H1s** (content "About Us" + theme title), and it reuses the duplicate site-wide meta description. Its best material, the celebrity and athlete client list, is real social proof, but it's buried in a run-on sentence. The rewrite turns it into a story-led page: who we are, since 1996, the team, who we've worked with, how we work, and where we are.

Method note: the live site can't be reached from the audit environment. Data comes from WordPress (connector) and AIOSEO. *Verify live* = check in the browser. Names, bios and dates in [brackets] must come from you; I didn't invent any.

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	No people (E-E-A-T)	Add a founder section (name, photo, role, years of experience, short bio, LinkedIn) and a team grid. It's the single biggest trust gap on the whole site, and Google's quality guidelines look for who is responsible for a site.
2	P1	Duplicate H1	The content has `<h1><strong> About Us</strong></h1>`, and the theme probably prints "About Us" as an H1 too (*verify live*). Keep one H1: **"About Rockstar Marketing"**. Also remove the inside the heading and the leading space.
3	P1	Duplicate meta	The meta description is identical to Home, Clients and Contact. Write a unique one (§2). The SEO title is empty.
4	P1	Intralinking	Only 1 link (to Home). Add links to the 4 service pages, /services/, /clients/, /locations/, /faq/ and /contact-us/ (§4).
5	P2	Social proof	The celebrity/athlete claims (NFL, NBA, UFC, Grammy-winning bands) are strong, but they're unnamed and unverified. Name clients where you have permission, add logos, and add 3 testimonials. If you can't name anyone, use "[N] pro athletes and touring artists" plus a testimonial.
6	P2	Unsupported superlatives	"The Premier... company you will find", "99% of other firms". Replace with specifics: since 1996, a #1 Google ranking for "Destin SEO company", 100M+ reach, the 60M-view video.
7	P2	Service area	The list mixes local towns with Mobile, Birmingham, Montgomery, New Orleans, Jacksonville and Tampa, and has no links. Replace with a linked local paragraph plus one national sentence.

8	P2	Copy errors	"then hear the client" → "and then hear"; "Country and Rocks Bands"; "Why are we different... because" (missing question mark); "everyday" → "every day"; "Fort Walton" → "Fort Walton Beach".
9	P2	Schema	Add `AboutPage` with `mainEntity` → Organization (foundingDate 1996, founder Person, address, sameAs) and `Person` schema for the founder.
10	P3	Images	The logo strip uses `logos-1024x85.jpg` (better than other pages) but has the keyword-stuffed alt "Destin SEO and Social Media Company". Cert image has alt="". Both use http://. Add team and office photos.
11	P3	Builder junk	Empty text block, 2 raw-HTML spacers. The red "WE ARE PASSIONATE..." custom-font line is fine as styling; keep it as a <p>, not a heading.

About 850 words. [Brackets] = facts only you can provide.

styled <p> **WE ARE PASSIONATE ABOUT WHAT WE DO!**

<h1> **About Rockstar Marketing**

<p> Nothing beats the call where a client tells us their phone is ringing, the online orders are coming in and new customers are walking through the door. That's why we do this. Rockstar Marketing is a search engine optimization, social media, video and web design agency based in beautiful Destin, Florida, in the heart of Northwest Florida. [→ /destin-florida/]

<h2> **Our Story: Building Websites Since 1996**
<p> We built our first website in 1996, before it was even cool. [Founder first name] started Rockstar Marketing in [year] with a simple idea: most web design companies build a site and hope it gets found, so we would be a marketing company first. Over the years that grew into full-service SEO, social media marketing, video marketing and web design, with clients from Destin to Nashville and beyond. [→ 4 service pages]

<h2> **Meet the Team**

<h3> **[Founder Name], Founder & [CEO / Lead Strategist]**
photo + <p> [2–4 sentences: background, years in SEO/social, notable work (e.g. the 100M-reach fan page, the 60M-view video), certifications, something personal about living on the Emerald Coast.] LinkedIn

<h3> ×N **[Name], [Role]** photo + 1–2 sentences each

<h2> **Who We Work With**
<p> We work with local businesses, large and small, and with clients most agencies never get the chance to: NFL and NBA players, UFC fighters, All-American college football players, Grammy-winning country music bands, rock bands, radio stations, national and international companies, doctors and lawyers. Whether you're a Destin restaurant or a touring artist, you get the same team and the same strategies. See our clients. [→ /clients/]

ADD client logo strip (with permission), alt = client name

<h2> **What Makes Us Different**

<h3> **Marketing First, Websites Second** <p> We're a marketing company that happens to build websites. Every site, post and video is built to bring in customers, and we measure success in calls and sales.

<h3> **A Fan Page Network Few Agencies Have** <p> We control large social media fan pages we can use to cross-promote client content. It's how one of our campaigns reached more than 100 million people in a single month.

`<h3>` **Results We Can Show You** `<p>` We've ranked a keyword with over 1 billion searches on the front page of Google, produced a video that reached 60 million people, and our own website ranks #1 on Google for "Destin SEO company". Explore everything we do. [→ /services/]

`<h2>` **What Our Clients Say**
`3 testimonials` ["Quote..." — Name, Business, City]. Pull from your Google reviews.

`<h2>` **Where We Work**
`<p>` Locally, we serve businesses in Destin, Fort Walton Beach, Santa Rosa Beach and 30A, Pensacola, Navarre, Gulf Breeze, Sandestin, Crestview, Shalimar, Niceville, Bluewater Bay and Panama City. Nationally, we work with clients across the Southeast, including Mobile, Birmingham, New Orleans, Jacksonville and Tampa, and throughout the U.S. See all the areas we serve. 6. Tracking & Measurement

Priority	Item	Action
P1	CTA + phone	`cta_click` (about_bottom), `phone_call_click`.
P2	Assisted conversions	In GA4, build a segment of users who viewed /about-us/ and compare their lead conversion rate with all users. About pages usually show up as a strong assist, which justifies investing in team photos and bios.
P3	Outbound	Enhanced Measurement already tracks outbound clicks (LinkedIn, client sites). Check that they show up under the `click` event.

7. Technical SEO

Priority	Item	Finding / Action
P1	Single H1	Remove the content H1 or hide the theme title. Check the rendered source for exactly one <h1>.
P2	AboutPage + Person schema	`AboutPage` → mainEntity Organization {@id site org, foundingDate "1996", founder Person {name, jobTitle, image, sameAs LinkedIn}}. Reference the same Organization @id used site-wide.
P2	Author entity	Make the founder the WP author of the blog posts, with a matching author bio, so posts link back to a real person (E-E-A-T). Currently pages are authored by user ID 2, so check the display name.
P3	Images	Team photos as WebP, about 600px, lazy-loaded; https for existing images.
P3	Builder junk	Empty text block + 2 spacers.
