SEO Changelog — How Much Does It Cost to Get to Crab Island

URL: https://bikkinibottomboat.com/how-much-does-it-cost-to-get-to-crab-island/ · **WP ID:** 2345 (Elementor, HTML in Text Editor) · **Audit date:** 2026-10-25 · **Audit page 9 of 24**
Sources: WordPress/Elementor content and Rank Math fields (site connector), Semrush US rankings and keyword volumes.

> **Important for earlier changelogs:** this page publishes your prices. Unless the owner says they've changed, use them to fill the [$XX] placeholders in changelogs 1–5: Crab Island tour (public, 4 h) **$59.99–$74.99/person** · Private charter (up to 49) **$4,000 / 4 h, $6,000 / 6 h, $7,000 / 7 h, $8,000 / 8 h** · Sunset & Dolphin (1.5 h) **$25–$35/person** · Fireworks (1.5 h) **$20–$30/person**.
> **Conflict:** this page lists only a **4-hour** public Crab Island trip. The FAQ, the What-is-Crab-Island table and the Crab Island Tours changelog all say "3 & 4 hour". The owner needs to confirm whether a 3-hour trip exists.

1. Summary

Area	Current state	Priority
Rank Math	**SEO title, meta description and focus keyword are all empty.** Google sees the default "How much does it cost to get to Crab Island - Bikkini Bottom...", lowercase, with no hook.	**High**
No H1	Starts with H2 "How Much Does a Crab Island Tour Cost?". Same build issue as page 8.	**High**
Search intent gap	The URL asks "how much does it cost to **get to** Crab Island", but the page only prices Bikkini Bottom tours. People searching it want to compare **shuttle vs. pontoon rental vs. tour vs. charter**. Ranks #29 for "cheapest way to get to crab island" (110, KD 5), an easy win if the comparison is added.	**High**
Strong content	A clear price table, a "Is private worth it?" calculation and 6 FAQs. About 1,250 words. Keep most of it.	—
No booking path	The only commercial link is the homepage. It says "Book Online button", but there's no button on the page.	**High**
Images	Top image and fireworks image have empty alts. The infographic sits inside an empty H2 again (1870px PNG).	**Medium**
Link list	Self-link (2nd item) + inline `color:#0000ff`, placed between the answer and the table.	**Low**
Missing cost items	No mention of booking/processing fees, tips, vendor food prices, kids' prices or parking (free), all part of "how much will my day cost".	**Medium**

5. Content rewrites & additions

Keep the existing sections that aren't listed. [Brackets] = owner or research input. Don't publish competitor prices you haven't checked; ranges must reflect current local rates.

H1 How Much Does It Cost to Get to Crab Island?

Quick answer: getting to Crab Island costs anywhere from about **[$X] per person on a shuttle** to **$59.99–$74.99 per person on a 4-hour Bikkini Bottom Crab Island tour**. A pontoon rental runs about **[$X–$Y] per day** plus fuel, and a **private charter for up to 49 guests starts at $4,000**. Here's what each option includes, so you can pick the best value for your group.

H2 Cost to Get to Crab Island: Every Option Compared

Option	Typical cost	Time at Crab Island	Captain included?	Best for
Water shuttle	[$X–$Y] per person	[varies]	Yes	Budget, small groups
Pontoon rental	[$X–$Y] per half/full day + fuel, deposit	Your choice	No, you drive	Experienced boaters

Bikkini Bottom Crab Island tour	**$59.99–$74.99 per person**	4-hour trip	Yes, floats, restroom, BYOB	Families, first-timers, couples
Bikkini Bottom private charter	**$4,000–$8,000 per boat** (up to 49)	4–8 hours	Yes	Bachelorettes, reunions, corporate

H2 Other Costs to Budget For

- **Parking:** free across the street from our dock at Craft Bar. See directions.
- **Food and drinks:** bring your own cooler for free, or buy from floating vendors at Crab Island (about [$X–$Y] per item; cash and card [verify]).
- **Booking fees and tax:** [owner: e.g. "Prices shown include tax; a small online booking fee applies."]
- **Tips:** optional; many guests tip the crew 15–20%.
- **Kids:** [owner: child pricing / under-X free?]
- **Sunscreen, towels, waterproof phone pouch:** see the Crab Island packing list.

H2 Is Booking a Private Charter Worth the Cost?

(Keep the existing paragraph, then add:)

Group size	4-hour charter ($4,000)	Public tickets (at $59.99–$74.99)
20 guests	$200 / person	$1,200–$1,500 total
35 guests	≈ $114 / person	$2,100–$2,625 total
49 guests	≈ $82 / person	$2,940–$3,675 total

Public tickets cost less per person. A private charter buys you the whole boat, your own schedule and total privacy. For a bachelorette party or large group, many guests find that worth the difference.

Fix in the existing copy: "splitting the private charter almost always beats buying individual tickets, especially once you get past a dozen people" isn't true at these prices. Even with 49 guests, $82/person is above the $59.99–$74.99 ticket. Rewrite it to sell privacy and flexibility, not savings. The same goes for the FAQ answer "often works out cheaper per person than the public tour".

H2 What's the Cheapest Way to Get to Crab Island?

A water shuttle is usually the lowest-cost ride, but you'll share the boat and follow its schedule. If you want a captain, floats, a restroom and time to swim without driving a boat, a public Crab Island tour is the best value. At $59.99–$74.99 for 4 hours, it's often less than a pontoon rental once you add fuel and a deposit. Book early in peak season (June–August) and pick a weekday for the best availability.

H2 Frequently Asked Questions About Crab Island Tour Pricing

(6 existing Q&As as H3s, with the "cheaper per person" claim corrected, plus:)

H3 Do kids pay full price?

[Owner: child pricing.]

H3 Is there a fee to visit Crab Island?

No. Crab Island itself is free; you only pay for the boat ride there. Vendors at the sandbar charge for food and drinks.

7. Technical fixes

Issue	Fix	Priority
H1	First heading → H1 with the new wording.	**High**
Rank Math fields	Fill title, meta and focus keyword (§3).	**High**
Price consistency	Prices live on 5+ pages and in FareHarbor. Keep one source: put the price table in an **Elementor Global Widget** (Pro) and reuse it on the Cost page, the Crab Island page and the Sunset page. Then a price change updates everywhere at once.	**High**

Images	Top image (436261677_...jpg) alt → **"Guests floating at Crab Island on a Bikkini Bottom tour"**. Destin-Fireworks.webp alt → **"Destin Harbor fireworks from the Bikkini Bottom fireworks cruise"**. Infographic out of the H2, converted to WebP.	**Medium**
YouTube	Lazy Video widget (560×435 is a non-standard ratio; use 16:9).	**Low**
Freshness signal	Show "Prices updated: [Month Year]" under the H1. Update it every season; Rank Math picks up `dateModified`.	**Medium**

7a. Schema

}
```

Add FAQPage (8 Q&As). Use these same price ranges in the TouristTrip offers on pages 2–4 so the markup matches across the site.

8. Tracking

Item	Setup
Price-page → booking	GA4 funnel: /how-much-.../ → Crab Island page or FareHarbor → `purchase`. Price-research visitors are close to booking, so this should be one of the best-converting info pages.
CTA clicks	`begin_checkout` (FareHarbor buttons) and `internal_tour_click` with `link_location` = cost_answer / cost_table / cost_cheapest.
Private inquiries	Tag private-charter clicks `tour_name` = private and compare with phone calls. Private charters ($4k+) are the highest-value conversion on the site; consider importing them into Google Ads with value.
Rank tracking	cheapest way to get to crab island (#29), crab island prices, how much does it cost to get to crab island, crab island shuttle prices (#19).

9. Changelog (implementation checklist)
