1. Summary

Area	Current state	Priority
Rankings	The site's best informational page. It ranks **#7 for "crab island location" (2,400/mo)**, #10 "where is crab island located", #11 "crab island crab island destin fl" (1,000), #15 "what is crab island destin", #18 "what is crab island", and #33 for "destin florida crab island" (1,000). About 1,400 words, published July 2026. Strong content, but the page has structural bugs.	**High**
No H1	The page starts with an H2 "What Is Crab Island in Destin, FL?". There's no H1 anywhere.	**High**
Wrong facts in tour table	The "Destin Tour Options" table says Sunset, Dolphin and Fireworks tours are all "3 & 4 Hour Trips". They're 1.5 hours (per the Sunset page). Visitors will notice.	**High**
Broken CSS block	A `<style>` block was pasted into the visual editor. WordPress wrapped it in `<p>` and ` ` tags, which breaks the CSS. The `.tour-chart` class it styles isn't on the table either. VERIFY whether the CSS shows as visible text; either way the table is unstyled.	**High**
Image inside a heading	The infographic (`ChatGPT-Image-Jul-4-2026…png`, 1870px PNG) sits alone inside an `<h2>`, giving an empty-text H2.	**Medium**
No booking path	The only commercial link goes to the homepage ("Bikkini Bottom Charter Boat"). There's no link to the Crab Island Tours page and no Book Now, on a page read by 2,400+ people/month planning a Crab Island trip.	**High**
Rank Math	SEO title empty (falls back to "What is Crab Island - Bikkini Bottom Boat Charters", no "Destin"). The meta description copies the intro sentence (159 chars) and has no hook.	**High**
FAQ format	6 FAQs as bold text in paragraphs: no headings, no schema.	**Medium**
Link list	The related-guides list links to **itself** (first item), uses inline `color:#0000ff` and sits awkwardly between the intro and the first section.	**Low**

Other images	The "Boat Rentals at Crab Island" alt is inaccurate (charter, not rental). The YouTube iframe is 1160×455 (wrong ratio) and loads YouTube's player JavaScript (~600 KB) up front.	**Medium**

2. Keyword targeting

Keyword	Vol.	Now	Use
crab island destin	12,100	—	**Primary** (largest Crab Island term). Title, H1, intro.
crab island location / where is crab island (located)	2,400 / 1,000 / 110	#7 / — / #10	H2 "Where Is Crab Island Located?" + map + coordinates
destin florida crab island / crab island destin fl	1,000 / 1,000	#33 / #11	Covered by the primary term
what is crab island (destin)	210 / 90	#18 / #15	H1 question form
how far is crab island from destin	210	—	New FAQ
how to get to crab island / without a boat	260 / 90	—	Existing H2 (strengthen) + FAQ
how deep is crab island / why is it called crab island	50 / 50	#17 / #24	H3 FAQs (answers already in the text)
crab island shark(s)	110	#27	New FAQ (careful, factual answer)

3. Rank Math / meta changes

Field	Current	Change to
SEO title	(empty → default)	**What Is Crab Island in Destin, FL? Location, Depth & Tips** (57)
Meta description	What is Crab Island? If you keep hearing people rave about Crab Island, you are about to understand the hype firsthand...	**Crab Island is a shallow sandbar just north of the Destin bridge, reachable only by boat. Where it is, how deep it gets, best times to go and how to get there.** (156)
Focus keyword	What is Crab Island	**crab island destin**; secondary: crab island location, what is crab island, where is crab island
Schema type	(default)	**Article** + FAQPage (see §7)
OG image	None	Aerial/boats-at-sandbar photo, 1200×630
Page type	Page	OK as a page. Consider making the 6 guide pages children of a "Crab Island Guide" parent later (site architecture, page 14).

4. Heading structure

Tag	Current	New
H1	**missing**	**What Is Crab Island in Destin, FL?** (change the existing first H2 to H1)
H2 (new)	—	**Crab Island at a Glance** (quick-facts box, see §5)
H2	It Is Not Actually an Island	**Is Crab Island Actually an Island?** (question form for featured snippets)
H2	Where Is Crab Island Located?	Keep, and add a map embed + coordinates
H2 (empty)	[infographic image]	Remove the H2 wrapper; image in a `<figure>` with a caption
H2	What Actually Happens at Crab Island?	Keep
H2	When Is the Best Time to Visit?	**When Is the Best Time to Visit Crab Island?**
H2	How Do You Get to Crab Island?	Keep; make the 4 options H3s
H2	Destin Tour Options (table)	Move below "How Do You Get There" as **Crab Island Tours with Bikkini Bottom**, with corrected data
H2	Why Crab Island Is a Must-Do	**Plan Your Crab Island Day** (with a CTA + guide links)
H2	Frequently Asked Questions About Crab Island	Keep; each question becomes an **H3** (6 existing + 3 new)

5. Content rewrites & additions

The existing body copy is solid, so keep it. Below are the blocks to replace or add. Unchanged sections stay as they are.

H1 What Is Crab Island in Destin, FL?

(Replace the first paragraph's opening.) **Crab Island is a shallow, underwater sandbar in Choctawhatchee Bay, just north of the Destin bridge, and you can only reach it by boat.** On summer days hundreds of boats anchor there in clear, 1–4 foot water, with floating food vendors, music and families and friends wading between boats. It's the most talked-about thing to do in Destin, and here's everything you need to know before you go.

H2 Crab Island at a Glance

What it is	Submerged sandbar (not a real island)
Where	Choctawhatchee Bay, north side of the Marler Bridge (US-98) between Destin and Okaloosa Island
Coordinates	about 30.397° N, 86.513° W [VERIFY on Google Maps]
Water depth	About 1–4 feet, depending on tide and spot

How to get there	Boat only: tour, charter, shuttle or rental
From Destin Harbor	About [10] minutes by boat
Best season	April–September (vendors operate in season)

H2 Is Crab Island Actually an Island?

(Keep the existing two paragraphs.)

H2 Where Is Crab Island Located?

(Keep the existing text. Use "Marler Bridge (US-98)" once for clarity, and add a map embed of Crab Island below the first paragraph.)

H2 How Do You Get to Crab Island?

H3 Guided Boat Tours

(existing text +) Our Crab Island tours leave from 530 Harbor Blvd on Destin Harbor and include floats, lifejackets and a restroom onboard.

H3 Pontoon Boat Rentals

(existing)

H3 Private Charters

(existing +) See public tour vs. private charter to decide which is right for your group.

H3 Shuttle Boats

(existing +) Compare prices in how much it costs to get to Crab Island.

H2 Crab Island Tours with Bikkini Bottom

Tour	Length	Options	Best for
Crab Island Tour	3 or 4 hours	Public tickets or private charter	Swimming, floating, families, groups
Sunset Dolphin Cruise	1.5 hours	Public or private	Couples, families, photos
Destin Dolphin Cruise	[length]	Public or private	Kids, wildlife lovers
Destin Fireworks Cruise	1.5 hours	Public or private	Date night, holidays

H2 Plan Your Crab Island Day

(Keep the "Must-Do" paragraph, then:) Ready to go? Read what to bring to Crab Island, check whether Crab Island is safe for kids, or plan a bachelorette party at Crab Island. Then book your Crab Island tour and let our captain handle the rest.

H2 Frequently Asked Questions About Crab Island

(6 existing Q&As, each question as H3, plus:)

H3 How far is Crab Island from Destin?

Crab Island sits right beside Destin, on the north side of the Marler Bridge. From Destin Harbor it's about a [10]-minute boat ride.

H3 Why is it called Crab Island?

It was once a small island said to be shaped like a crab, formed from sand dredged for the East Pass. Storms and erosion wore it away, but the name stuck.

H3 Are there sharks at Crab Island?

Sharks live throughout the Gulf of Mexico, but encounters at the shallow, crowded sandbar are rare. Stay near your boat, avoid swimming in the deeper channel, and follow your captain's instructions. [Owner: review wording.]

6. Internal linking

Anchor	Target	Note
Crab Island tours / book your Crab Island tour / Crab Island Tour (table)	/crab-island-tours-in-destin-fl/	**new**, the most important link on the page
Sunset Dolphin Cruise / Destin Dolphin Cruise / Destin Fireworks Cruise	pages 3 and 4 (new slugs)	new, in the table
public tour vs. private charter	/public-crab-island-tour-vs-private-charter-which-should-you-book/	moved from the link list into the text
how much it costs to get to Crab Island	/how-much-does-it-cost-to-get-to-crab-island/	moved into the text
what to bring / safe for kids / bachelorette party	pages 2375 / 2381 / 2389	moved into the text
Bikkini Bottom Charter Boat (existing)	Homepage	Keep, or change the anchor to "Destin boat tours"
Self-link	/what-is-crab-island/	**Remove** from the link list. Delete the list once the links are in the text, or restyle it as a "Crab Island Guide" box at the end.
Inbound: "what is Crab Island" / "Crab Island"	this page	From the homepage, Crab Island page, FAQ, and the restaurant post (traffic page). ILJ keywords: crab island location, what is crab island, where is crab island.

7. Technical fixes

Issue	Fix	Priority
Broken `<style>` block	Delete it from the Text Editor widget. Rebuild the table with an Elementor Table widget (UAE has one), or put the CSS in Elementor → Site Settings → Custom CSS and the table in an **HTML widget** with `class="tour-chart"`. Never paste `<style>` into the visual editor.	**High**
Tour table data	Replace with the corrected table in §5.	**High**
H1	Change the first heading's tag from H2 to H1 (Elementor Heading widget → HTML Tag).	**High**
Infographic	Take it out of the H2. Convert the PNG (1870px, likely 1–3 MB) to WebP at 1200w. Rename it to `bikkini-bottom-45ft-boat-infographic.webp`. Alt → **"Infographic of the 45-foot Bikkini Bottom charter boat: capacity, amenities and Crab Island tour details"**. Add a caption.	**Medium**
Rental alt	f50653d6… alt → **"Bikkini Bottom anchored at Crab Island with guests in the water"** (also on Gallery)	**Low**
YouTube	Replace the iframe with Elementor's Video widget (Image Overlay + Lazy Load on), or a lite-youtube facade. Use a 16:9 ratio. Add VideoObject schema (name, description, thumbnailUrl, uploadDate, embedUrl).	**Medium**
Map	Add a lazy-loaded Google Maps embed centered on Crab Island (searching "Crab Island, Destin" pins it). This answers the 2,400/mo "location" searches.	**Medium**
data-sourcepos attributes	Pasted markdown left `data-sourcepos` on every element. Harmless, but strip it during the rebuild to keep the HTML clean.	**Low**

7a. Schema

```

8. Tracking

Item	Setup

Info → booking flow	GA4 funnel exploration: landing on /what-is-crab-island/ → /crab-island-tours-in-destin-fl/ → `begin_checkout` → `purchase`. This is the page's KPI: the share of readers who move toward booking.
CTA / table clicks	`internal_tour_click` with `link_location` = wic_table / wic_cta / wic_howto.
Video	GA4 enhanced measurement video engagement (works once the YouTube JS API is enabled; Elementor's widget supports it).
Scroll	Scroll 50/90% events. A long informational page should show most readers reaching the CTA.
Rank tracking	crab island destin, crab island location (#7 baseline), where is crab island, what is crab island (#18), destin florida crab island (#33).

9. Changelog (implementation checklist)
