Crab Island Tiki Tours: Site-Wide SEO Summary

Site: crabislandtikitoursdestin.com | Audit dates: October 28 to 29, 2026 | 27 queue items: 25 changelogs, 2 posts covered by merges

This summary pulls together the issues that repeat across pages. Fixing these once clears a large share of every page changelog. Page-level detail is in files 01 to 27.

1. Decisions only the owner can make

#	Question	Why it matters / where it appears
1	What are the real prices?	Private charter "from" $800, $900 or $600; sunset $400 or $600; public $30, $50, $59.99 or $60. At least 8 pages disagree (Home, Charter, Sunset, Bachelorette $900/$1,800, Hub, Cost, FAQ, guides).
2	Does the base price cover 8 guests with a per-guest add-on, and how much is it?	Stated on Hub, Cost, Pontoon and FAQ pages; contradicted by "$900 split 18 ways is $50".
3	Which trip lengths exist?	Pages list 2, 3, 4, 5, 6 and 8 hours in different combinations. The "2 Hours" icons on cards may be real.
4	Which phone number and email are correct?	Contact page shows 850-613-1966 but dials 850-543-6378; shows a Gmail address but opens a Yahoo address.
5	What's onboard?	Floats, inflatable mat, one or several paddle boards, water toys: pages disagree. "Captain and crew" vs "captain".
6	Cancellation, weather and late-arrival policy wording	Four versions on the FAQ page alone, more on Bachelorette, Best Time and How to Get. Draft merged text is in the FAQ changelog.
7	Who writes the guides (author byline)?	Captain Bill, Daniel or Spencer.
8	Public tour page: comparison page or noindex?	Avoids competing with bikkinibottomboat.com.

2. Fix once, applies everywhere

#	Fix	How
1	Broken URLs	Search and replace, plus 301s: /charters/private-crab-island-pontoon-destin/, /charters/private-luxury-pontoon-crab-island-charter/, /charters/sunset-cruise/, /charters/dolphin-cruise/, /contact-us/.
2	Default Elementor slugs	/elementor-892/ to /public-crab-island-boat-tours-destin/; /elementor-863/ to /captain-bill/.
3	Duplicate content	Merge post 773 into the What to Bring guide and post 910 into the Best Time guide, with 301s.

4	Synced blocks	One reusable block each for: rate table, what's included, cancellation/weather policy, the guide link list (without self-links).
5	Phone links	Every phone number as tel:+18506131966 (once confirmed).
6	Empty headings	Empty H2s on How to Get, Cost, How Deep and What to Bring guides; empty H2 on the hub; multiple H1s on Bachelorette.
7	HEIC images	Convert all .heic uploads (Our Story owners' photo, post 910 featured image) to WebP or JPEG.
8	Alt text and file names	Most images have empty alt or names like IMG_9191 and image-15. Fix in the Media Library so every page benefits.
9	Site pages	Publish or redirect /charters/ (draft parent), publish the Privacy Policy, delete Sample Page.
10	Blog categories	Replace "Uncategorized" with Crab Island Tips, Seasons and Weather, Things to Do in Destin.

3. Technical setup

- Rank Math Local SEO: LocalBusiness with name, 530 Harbor Blvd Suite #13, phone, geo, hours, sameAs, matching Google Business Profile.
- Product/TouristTrip schema with Offers on the Charter and Sunset pages only.
- FAQPage schema via Rank Math FAQ blocks on the guides and FAQ page.
- Article/BlogPosting with a named author and dateModified on guides and posts.
- Breadcrumbs once /charters/ is live.
- Check for a second H1 from the theme on posts.

4. Tracking setup

- FareHarbor GA4 integration (both shortnames) and cross-domain measurement with fareharbor.com; mark `purchase` as a key event.
- Contact Form 7 `wpcf7mailsent` to GA4 `generate_lead` key event.
- Click events: `book_now_click` (with FareHarbor item ID and button location), `phone_click`, `email_click`, `directions_click`, `outbound_click`.
- GA4 content groups: product, guide, blog, company.
- UTM-tagged links in Google Business Profile and the FareHarbor confirmation email.

5. Suggested order of work

1. Owner decisions in section 1 (prices, phone, email, policy).
2. Contact page links, broken URLs and redirects, slugs.
3. FareHarbor GA4 and cross-domain tracking.
4. Synced blocks and price/policy updates across all pages.
5. Home, Charter, Sunset and Bachelorette rewrites (the pages that sell).

6. Guide and post fixes, schema, images.

6. Changelog index
