SEO Changelog: Hurricane Isaias: How We're Preparing (Blog Post)

URL: https://crabislandtikitoursdestin.com/hurricane-isaias-destin-florida/ | WP post ID 1074 (Elementor) | Last modified October 8, 2026 | Audit date: October 29, 2026 | Page 27 of the site queue (last)

Method: content, headings, links and SEO meta were pulled from WordPress through the site connector. The live URL and the outbound links could not be loaded from the audit environment.

1. Summary

Item	Current state
Role	Timely storm-prep post from October 8. Good for local trust and for guests with upcoming bookings who want to know if trips are running.
SEO title	Hurricane Isaias: Destin FL Storm Preparation & Updates (55 characters)
Meta description	149 characters. Fine while the storm is current.
Body copy	About 700 words. Practical: boat pulled and trailered, prep checklist, six official resources (NHC, Okaloosa EM, Alert Okaloosa, FDEM, NWS Mobile).
Timeliness	Written as the storm approached. Three weeks later it still reads as "approaching", with no update on whether trips are running.
Internal links	None.

2. Critical fixes

#	Issue	Fix
1	P1 No post-storm update	Add a dated update box at the top: "Update (date): Hurricane Isaias has passed. Our boat is back in the water and trips are running as scheduled." (or the real status). Change the SEO title and meta to match (section 3). A visitor reading "approaches" in late October may assume you're closed.
2	P1 No internal links	Link to the weather and cancellation policy, Contact and booking (section 6). This is the page guests with bookings will read, so it needs to answer "is my trip on?"
3	P2 Check outbound links	Confirm the six resource links still resolve, especially myokaloosa.com/eoc/home and alertokaloosa.com. County sites change URLs often.
4	P2 Image alt repeats the title	Describe the photo instead (section 7).

3. SEO title and meta description (after the storm)

Field	Current	New
SEO title	Hurricane Isaias: Destin FL Storm Preparation & Updates	**Hurricane Isaias Update: Destin Boat Tours Status and Storm Tips** (64 characters)
Meta description	Learn how Crab Island Tiki Tours is preparing for Hurricane Isaias in Destin, plus hurricane safety tips, evacuation information and local resources.	**Update on Crab Island Tiki Tours after Hurricane Isaias, how we secure our boat before storms, and official Destin hurricane resources.** (135 characters)
Category	Uncategorized	Seasons and Weather

4. Heading structure

Current

```
H1  Hurricane Isaias: How We're Preparing in Destin, Florida
H2  How Crab Island Tiki Tours Is Preparing for Hurricane Isaias
H2  How to Prepare for Hurricane Isaias in Destin    (tips as bold paragraphs)
H2  Where to Find Reliable Hurricane Isaias Updates
H2  Stay Safe, Destin
```

New

```
H1  Hurricane Isaias: How We're Preparing in Destin, Florida   (keep)
    (dated update box)
H2  Are Trips Running? Current Status                          (new)
H2  How We Secured Our Tiki Boat
H2  How to Prepare for a Hurricane in Destin
  H3  Know Your Evacuation Zone
  H3  Secure Outdoor Belongings
  H3  Build an Emergency Kit
  H3  Plan for Power Outages
  H3  Stay Off the Water
H2  Where to Find Reliable Storm Updates
H2  What Happens to Your Booking if a Storm Hits?             (new)
H2  Stay Safe, Destin
```

5. Content rewrites (paste-ready)

Update box (top of post)

> **Update, (date):** *(Real status, e.g. "Hurricane Isaias has passed Destin. Our boat is back in the water and trips are running on schedule.")* Questions about your booking? Contact us or call 850-613-1966.

H2: What Happens to Your Booking if a Storm Hits? (new)

> If we cancel for a storm or unsafe conditions, you get a full refund or credit, or we'll reschedule. *(Use the synced policy text from the FAQ changelog.)* Your captain makes the call based on conditions on the water. Hurricane season runs June 1 through November 30. See our FAQs for the full policy, and read about visiting Crab Island in the fall.

Wording fixes

- Six em dashes in the resource list (for example after "National Hurricane Center"). Swap for colons.
- "Boats and equipment can be repaired or replaced, but people cannot." Strong line; keep.

Longer term

Turn the general prep advice and resource list into an evergreen page, "Hurricane Season and Your Crab Island Trip", and update it each year. Keep this post as the record for Isaias and link it to the evergreen page. Future storm posts can then be short updates that point to the evergreen guide.

6. Internal linking

Anchor text	Target	Placement
Contact us	/contact-crab-island-tiki-tours-destin/	Update box
FAQs	/crab-island-tiki-tours-faqs/ (cancellation section)	Booking section
visiting Crab Island in the fall	/fall-is-a-great-time-to-visit-crab-island-destin/	Booking section
Book your trip	/charters/private-crab-island-charter-destin/	Stay Safe section (once trips resume)
Our tiki boat	/about/	How We Secured Our Boat

7. Images

File	Current alt	Action
IMG_0009-1024×698.jpg (body)	Hurricane Isaias: How We're Preparing in Destin, Florida	Alt: "Crab Island Tiki Tours boat on its trailer before Hurricane Isaias" (adjust to the photo). Rename, WebP.
IMG_0101.jpg (featured)	(check)	Rename, alt, WebP. After the storm, a "back on the water" photo would make a better featured image.

8. Technical

#	Item	Action
1	P2 Schema	BlogPosting (or NewsArticle) with datePublished and dateModified, so the update date is visible to Google.
2	P2 Show dates on the page	Display both published and updated dates near the H1.
3	P3 Pasted attributes	`data-pm-slice` attributes from another editor. Harmless.

9. Tracking

Event	Setup
contact_click / phone_click	From the update box. Spikes here during storms show how many guests are worried about bookings.
outbound_click	Official resource links.

10. Changelog

#	Area	Change	Priority	Status
1	Content	Dated post-storm update box with current trip status	P1	To do
2	Links	Add 5 internal links (contact, FAQs, fall post, charter, about)	P1	To do
3	Meta	Post-storm title (64 characters) and description (135 characters)	P2	To do
4	Content	Trip status and booking-policy sections; tips as H3s; colons instead of em dashes	P2	To do
5	Technical	Check outbound links; dates and schema; category	P2	To do
6	Images	Alt text, rename, WebP, post-storm photo	P3	To do
7	Content	Plan an evergreen hurricane-season page	P3	To do
8	Tracking	contact_click, outbound_click	P3	To do
