SEO Audit & Changelog: Social Media

URL: **https://rockstar-marketing.com/social-media/** · WP ID 11541 · Builder: WPBakery · SEO plugin: All in One SEO
Audit date: 2026-10-25 · Last modified in WP: 2022-09-13 · Page 4 of 33 in the site queue

Summary. This page ranks for **no social media keywords at all**. Semrush only finds "santa rosa beach seo services" (#2, an SEO term) and "seo destin fl" (#85). The search intent is split: "destin social media company" (70/mo) is won by Home (#2), and the dedicated `/destin-social-media-company/` page exists for local intent. Local "social media marketing Destin" searches are tiny (0–30/mo). So this page should be the **general service page**, targeting **"social media marketing services"** and **"social media management services"** (6,600/mo US, KD 37), while sending local intent to the city pages.

Main problems: there's no real H1, 0 links, a platform list of dead networks (Google+, Google Places, Foursquare, Digg), no TikTok, Instagram or Reels, a 29-city stuffing block, 9 empty   paragraphs, and grammar errors in nearly every paragraph. Your best asset, **reaching 100M+ people with one Facebook fan page in a month** (via the large fan pages you control for cross-promotion), is buried in a run-on sentence.

Method note: the live site can't be reached from the audit environment. Data comes from WordPress (connector), AIOSEO and Semrush US. *Verify live* = check in the browser.

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Keyword target	No target is set and nothing ranks. Focus on **"Social Media Marketing Services"**, secondary "social media management services", "Facebook and Instagram ads management", "TikTok marketing". Hand local intent to /destin-social-media-company/ through a contextual link.
2	P1	H1 / headings	The only heading is the H4 "WE ARE A VERY ADVANCED SOCIAL MEDIA COMPANY". New H1: **"Social Media Marketing & Management Services"**, with a full H2/H3 outline (§3).
3	P1	Dead platforms	"Google+, Google Places, Foursquare, DIGG, Twitter" → current platforms: Facebook, Instagram, TikTok, YouTube/Shorts, LinkedIn, Pinterest, X, Threads, plus Google Business Profile posts.
4	P1	Intralinking	0 internal links. Add links to the 4 city social pages, /video-marketing/, /seo/, /services/, /clients/, /faq/, /contact-us/ (§4).
5	P1	SEO title	Empty. New: **"Social Media Marketing & Management Services | Rockstar Marketing"** (62).
6	P1	Unique proof hidden	Pull the fan-page reach results (100M+ people in one month; 35,000 fans in 24 hours; 4,500 fans from one text) into a stats band near the top. Explain the cross-promotion network as the differentiator.

7	P2	Keyword stuffing	Remove the 29-city centered list (it includes Dallas, Nashville, Tampa...). Replace it with a linked Emerald Coast block and one line about national clients.
8	P2	Copy errors	"99% other companies", "they don't control large fansite", "In Dec 15, only 1 month", "its a Twitter account", "while other want", "fit you individual campaign", "with bring in the results you website", "Linkedin". Fixed in the rewrite.
9	P2	What's included	The page doesn't list deliverables. Add H3s: strategy, content creation, community management, paid social, influencer/fan page cross-promotion, analytics.
10	P2	Meta description	103 characters, generic, and it names "Niceville", which isn't on the page. Rewrite (§2).
11	P2	Builder junk	9 ` ` paragraphs, 3 raw-HTML spacers, 1 empty text block, 1 empty row. Delete them all.
12	P2	NAP / CTA	Phone shown as "1-(850)-542-3091" with no tel: link and no CTA button. Standardize to (850) 542-3091 and add audit CTAs.
13	P3	Images	Logo strip upscaled 300→600px with no alt; cert image has alt=""; both use http://. No social examples shown. Add 3–6 post or ad examples with alt text.
14	P3	Social proof embeds	Link out to your own Facebook, Instagram and TikTok profiles (rel="me" or plain links). A social agency with no visible social presence on its own page loses trust.

About 1,150 words. The stats come from your Home and Social pages. [Placeholders] mark things only you can fill in.

`<h1>` **Social Media Marketing & Management Services**

`<p>` Social media isn't just a personal Facebook page anymore. It's where your customers discover, compare and choose businesses. Rockstar Marketing builds and runs integrated social media campaigns that grow your audience, drive traffic to your website and generate real leads and sales, on every platform that matters for your business.

`<h2>` **Social Media Results Few Agencies Can Match**
`<p>` Most agencies start every campaign from zero. We don't. We control a network of large fan pages that we use to cross-promote client content, which is how we've delivered results like these:

- Reached more than **100 million people** with a single Facebook fan page in one month
- Added **35,000+ fans** to a fan page in 24 hours
- Gained **4,500+ Facebook fans** for a band with a single text message
- Made **50+ posts** each reach more than 1 million people in a year
- Made a single video reach **60 million+** people

`<h2>` **What's Included in Our Social Media Services**

`<h3>` **Social Media Strategy** `<p>` Every campaign is different. Some clients need Facebook and Instagram, others need TikTok or YouTube. We study your audience, competitors and goals, then build a plan around the platforms and content that will deliver the best ROI.

`<h3>` **Content Creation & Short-Form Video** `<p>` Posts, graphics, carousels, Reels, TikToks and Shorts, created for your brand and scheduled consistently. For longer video, we pair this with our video marketing team. [→ /video-marketing/]

`<h3>` **Social Media Management & Community Engagement** `<p>` We post, reply to comments and messages, moderate your pages and keep your brand voice consistent, so you can run your business.

`<h3>` **Paid Social Advertising** `<p>` Facebook, Instagram, TikTok and YouTube ad campaigns targeted by location, interests and behavior, with retargeting and conversion tracking so you know exactly what each lead costs.

`<h3>` **Fan Page Cross-Promotion Network** `<p>` Our biggest advantage: access to large, engaged fan pages that can put your content in front of millions of people quickly, something most social media companies simply can't offer.

<h3> **Analytics & Reporting** <p> Monthly reports on reach, engagement, follower growth, website clicks and leads, focused on business results, not just likes.

<h2> **Platforms We Manage**
<p> Facebook · Instagram · TikTok · YouTube & Shorts · LinkedIn · Pinterest · X (Twitter) · Threads · Google Business Profile posts

<p> Follow us: Facebook · Instagram · TikTok · YouTube · LinkedIn [your profile URLs]

<h2> **Social Media + SEO: Better Together**
<p> Social media creates demand; search captures it. When people see you on Instagram and then search for you on Google, you need to be there. That's why we combine social campaigns with our SEO services for steady streams of traffic from both. Explore all our digital marketing services. [→ /seo/, /services/]

<h2> **Local Social Media Marketing on the Emerald Coast**
<p> Based in Destin, we help local restaurants, attractions, vacation rentals, retailers and service businesses reach locals and visitors alike. Find your area: Destin social media company · Fort Walton Beach social media marketing · Santa Rosa Beach and 30A social media · Miramar Beach social media · Pensacola social media marketing. We also run national campaigns for brands, bands and entertainers across the U.S.

<h2> **Social Media Marketing FAQ**

<h3> **Which social media platforms should my business be on?** <p> The ones your customers use. Most local businesses do best with Facebook, Instagram and Google Business Profile, and TikTok works well for restaurants, attractions and younger audiences. We'll recommend a focus after your audit.

<h3> **How much do social media management services cost?** <p> Plans start at [$X]/month for management, and ad spend is separate. We'll quote a fixed price based on platforms and posting frequency.

<h3> **How fast will I see results?** <p> Paid social can drive traffic within days. Organic audience growth usually builds over 2–3 months of consistent posting, and faster with our cross-promotion network.

<h3> **Do you create the content or do I?** <p> We do. You approve it. We'll also use photos and videos you send us to keep the content authentic. More questions. [→ /faq/]

Image	Alt	Action
logos-300×25.jpg	Social media platforms we manage	Full-size image, https; or replace with current platform icons (Facebook, Instagram, TikTok, YouTube, LinkedIn)
cert-300×32.jpg	[certification names]	https
NEW: 3–6 campaign screenshots	e.g. "Facebook post insights showing 1.2M reach for a client post"	Add in the Results band

6. Tracking & Measurement

Priority	Item	Action
P1	Lead events	`cta_click` (cta_location social_top / social_bottom), `phone_call_click`, `generate_lead` with service=social_media (hidden Quform field).
P1	Meta Pixel	This page matters most for the Pixel: fire PageView + ViewContent (content_name "Social Media Services") here, and Lead on form submit. Build a retargeting audience of visitors to this page.
P2	Outbound social clicks	Fire `social_profile_click` with the platform name on your profile links, to measure whether visitors check your own social presence.
P2	UTMs on your social bios	Use `?utm_source=instagram&utm_medium=social&utm_campaign=bio` etc. on every profile link, so social referrals to this page are attributed correctly in GA4.
P3	TikTok Pixel	If you advertise your own services on TikTok, add the TikTok Pixel via GTM.

7. Technical SEO

Priority	Item	Finding / Action
P1	Cannibalization map	/social-media/ = general service ("social media marketing services"). /destin-social-media-company/ = Destin local intent. Home = brand + "Destin social media company" support. Don't put "Destin" in this page's title or H1.
P1	Empty markup	Delete 9 paragraphs, 3 raw-HTML spacers, the empty text block and the empty row.
P2	Schema	`Service` (serviceType "Social Media Marketing", provider @id) + `FAQPage` + `BreadcrumbList`. Add `sameAs` social URLs to the site-wide Organization.

P2	Embeds	If you add Instagram or Facebook embeds, lazy-load them (or use static screenshots linked to the post). Third-party embed JS hurts LCP and INP.
P3	Mixed content	2 http:// images. Covered by the site-wide search-replace.
