SEO Audit & Changelog: Santa Rosa Beach Web Design

URL: **https://rockstar-marketing.com/santa-rosa-beach-web-design-company/** · WP ID 12056 · Builder: Classic editor · SEO plugin: All in One SEO
Audit date: 2026-10-25 · Created / modified: 2023-01-04 (edited 29 seconds after creation, never filled) · Page 20 of 33 in the site queue

> **Summary. This page is published and completely empty**: 0 words, no meta description, no focus keyword. It has been live and indexable since January 2023. Meanwhile there's real demand: Semrush shows **"santa rosa beach web design" = 70/mo** (KD 0), which `/web-design/` ranks for at **#9 and #12**, and "santa rosa beach webdesign" = 70/mo at #26. Every audit since #6 (Web Design, Locations, SRB SEO, SRB Social, FWB Web) links to this URL. **Immediate action:** set it to noindex until the content below is live, so links don't send visitors and Google to a blank page. Then publish the ~950-word page and take the SRB web design rankings over from /web-design/.

Method note: the live site can't be reached from the audit environment. Data comes from WordPress (connector), AIOSEO and Semrush US. *Verify live* = check in the browser (the theme may show only a header and footer).

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Empty indexed page	Set AIOSEO Robots → **noindex** today (or switch to Draft and remove menu links). Undo it when the content is published.
2	P1	No content	Publish the ~950-word page in §5: 30A design aesthetic, booking-ready sites, services, process, projects, pricing, FAQ, CTA.
3	P1	Meta	Title is a template ("Santa Rosa Beach Web Design Company - Rockstar Marketing", note the different separator from other pages); description empty. New values in §2.
4	P1	Take over rankings	/web-design/ ranks #9 and #12 for this city's term. After publishing, the "Santa Rosa Beach web design" anchors from /web-design/, /locations/ and the SRB SEO and social pages (all in the rewrites) will move the ranking here.
5	P2	Title separator	This page uses "#post_title - Rockstar Marketing" while the others use #separator_sa. Standardize the site-wide AIOSEO title format (Search Appearance → Content Types → Pages).
6	P2	Image & proof	Add 2–3 project screenshots (30A rental, builder or boutique sites) with descriptive alt text.
7	P2	Schema	`Service` (Web Design, areaServed Santa Rosa Beach) + `BreadcrumbList`.
8	P3	Site-wide check	Look for other empty published pages: AIOSEO → Search Statistics → content with 0 words, or sort Pages by "Words". (Miramar Beach had no description either; checked in audit #24.)

2. Meta Tags & Search Appearance (AIOSEO)

Field	Current	New

`<h2>` **Websites That Match the 30A Lifestyle**
`<p>` From Seaside to Rosemary Beach, 30A brands are built on design: clean lines, coastal light, beautiful photography. Your website should feel the same, and it has to work flawlessly on a phone, because that's where most visitors plan their trip and most second-home owners first look you up. We combine high-end design with fast load times, clear calls to action and booking or inquiry forms that actually get used.

`<h2>` **Web Design Services for Santa Rosa Beach Businesses**

`<h3>` **Vacation Rental & Property Management Websites** `<p>` Property listings, availability calendars and direct-booking integrations [with your PMS, e.g. Guesty, Streamline or OwnerRez] that cut your reliance on third-party booking fees.

`<h3>` **Builder, Architect & Designer Portfolios** `<p>` Image-led portfolios that show your work beautifully and capture inquiries from homeowners across the country.

`<h3>` **Restaurant, Boutique & Shopify Stores** `<p>` Menus, reservations, gift cards and online stores, so visitors can keep shopping after they head home.

`<h3>` **Wedding & Event Venue Websites** `<p>` Galleries, packages, availability and inquiry forms for one of 30A's busiest industries.

`<h3>` **Redesigns That Keep Your Rankings** `<p>` We redirect every old URL so your new site keeps the Google traffic you've earned.

`<h2>` **Built to Rank and Book**
`<p>` Every website includes on-page SEO, schema markup, Google Analytics and Search Console, speed optimization and mobile testing. Want more traffic? Add our Santa Rosa Beach SEO & digital marketing or social media & video services. And you always own your website, domain and content.

`<h2>` **Pricing & Timeline**
`<p>` [Business websites from $X; booking or eCommerce sites from $Y; typical launch in 4–8 weeks.] Fixed quote, no surprises.

`<h2>` **FAQ**

`<h3>` **Can my rental website take direct bookings?** `<p>` Yes. We integrate booking engines and payment processing so guests can book directly with you.

`<h3>` **Do you provide photography?** `<p>` [Yes, through our in-house team / partner photographers / we work with your existing photos.]

`<h3>` **Do you meet clients on 30A?** `<p>` Yes. We're a short drive away in Destin and happy to meet at your property or business. More web design questions. [→ /faq/#web-design]

6. Tracking & Measurement

Priority	Item	Action
P1	Ranking URL switch	GSC: "santa rosa beach web design" / "webdesign". Today /web-design/ is at #9 and #12; the target is this URL in the top 3.
P1	Indexing	After publishing: remove noindex, run URL Inspection, request indexing, and resubmit the sitemap.
P2	Leads & events	city=srb, service=web_design params → `generate_lead`; `cta_click`, `phone_call_click`, `portfolio_click`.

7. Technical SEO

Priority	Item	Finding / Action
P1	Thin/empty page	noindex until published (an empty indexable page is a soft-404 and quality signal problem).
P2	Single H1	Add the H1 in the content and hide the theme title, or use only the theme title. Keep one.
P2	Schema	`Service` + `BreadcrumbList`.
P2	Title format	Make the AIOSEO title template consistent site-wide.

P3	Images	Project screenshots as WebP, about 800px, lazy-loaded.
