SEO Audit & Changelog: Portfolio Item "Professional NBA Players"

URL: **https://rockstar-marketing.com/portfolio_page/professional-nba-players/** · ID 11714 · Post type: portfolio_page (Mikado Core) · Featured image: 11676
Audit date: 2026-10-25 · Created / modified: 2017-01-29 · Item 34 of 34 (last) in the site queue

> **Summary.** This is the site's **only portfolio item**, and it's **empty**: 0 words, no meta, only a featured image (attachment 11676, one of the untitled Clients gallery logos). It has been indexable since 2017 under the clumsy URL base `/portfolio_page/`. It matters more than it looks: **the two portfolio sliders on the Home page** (`no_portfolio_slider` ×2, "number=6") pull from this post type, so with one item, Home's portfolio section likely shows **one image twice** (*verify live*). The topic ("Professional NBA Players") is one of your strongest proof points. Either build the portfolio out properly as case studies or retire it.

Method note: data comes from WordPress (connector) and AIOSEO; the live site couldn't be reached.

1. Decision & Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Decision	**Option A (recommended): build it out.** Use the portfolio post type for the 3–6 case studies already requested in the Clients audit (CL-04): this NBA one, a Grammy-winning band, a Destin local business, a web design project, a video project. Home's sliders then show real work. **Option B: retire it.** Remove both sliders from Home (H-14), 301 this URL → /clients/, and noindex the portfolio_page type.
2	P1	Empty indexed page	Until it has content: AIOSEO → noindex (or Draft it, if Home's sliders can be removed at the same time).
3	P1	Home sliders	Two sliders show the same post type (ASC + DESC). Keep one slider, and only once 4+ items exist (H-14).
4	P2	URL base	/portfolio_page/ → change the Mikado portfolio slug to **/work/** or **/case-studies/** (Mikado Core → Portfolio settings, then save Permalinks). 301 the old URL.
5	P2	Permissions & accuracy	Naming NBA players requires their permission. If you can't name them, write "a professional NBA player" and describe the work and results in general terms.
6	P2	Image	Featured image 11676 has no meaningful title or alt (like the other gallery files). Rename it and add alt text ("Social media campaign for a professional NBA player").
7	P3	Meta	No SEO title or description (§2).

2. Meta Tags (Option A)

Field	Current	New
Title / H1	Professional NBA Players	**Case Study: Social Media & Fan Growth for a Professional NBA Player**
SEO title	(empty)	**NBA Player Social Media Case Study | Rockstar Marketing** (55)
Meta description	(empty)	**How Rockstar Marketing grew a professional NBA player's fan base and reach with social media, video and fan page cross-promotion. [Headline result].**
URL	/portfolio_page/professional-nba-players/	/case-studies/nba-player-social-media/ (+301)
Focus keyphrase	(empty)	athlete social media marketing (niche; supports the "entertainers & athletes" positioning)

3. Heading Structure (case-study template)

Current	New (use for every case study)
No content; featured image only	**H1** – Case Study: [Result] for [Client / client type] *Results bar: 3 headline numbers* **H2** – The Client **H2** – The Challenge **H2** – What We Did **H3** – [Service 1, e.g. Social Media Strategy] · **H3** – [Service 2] · **H3** – [Service 3] **H2** – The Results *(numbers + screenshots)* **H2** – What the Client Said *(real, attributed quote only)* **H2** – Want Results Like These? *(CTA)*

4. Internal Linking Plan

Anchor text	Target	Where
social media marketing	/social-media/	What we did
fan page cross-promotion network	/social-media/ (results band)	What we did
video marketing	/video-marketing/	What we did
see all client results	/clients/	End
Get a free audit	/contact-us/	CTA

Inbound	/clients/ (case study tiles, CL-04), Home slider, /about-us/ ("Who we work with"), /social-media/ results band	other pages

5. Content Template (ready to fill)

`<h1>` **Case Study: Social Media & Fan Growth for a Professional NBA Player**

`results bar` **[+X followers]** · **[X million reach]** · **[X% engagement]** in [time frame]

`<h2>` **The Client**
[Player name, with permission, or "A professional NBA player"], [team/position if allowed], looking to [grow a personal brand / promote a camp, foundation or product].

`<h2>` **The Challenge**
[1–2 sentences: e.g. a large but inactive following, no content plan, low engagement outside game days.]

`<h2>` **What We Did**
`<h3>` **Social Media Strategy & Content**: [what you posted, platforms, cadence]. social media marketing
`<h3>` **Fan Page Cross-Promotion**: [how the network amplified the content]
`<h3>` **Video**: [highlight reels, behind-the-scenes, Shorts]. video marketing

`<h2>` **The Results**
[Numbers + 2–3 screenshots of Insights, with personal data blurred.]

`<h2>` **What the Client Said**
["Real quote." — Name, role. *Only with written permission; never invent it.*]

`CTA` `<h2>` **Want Results Like These?** `button` [Get a Free Social Media Audit] → /contact-us/?service=social · See all client results

6. Tracking & Measurement

Priority	Item	Action
P2	Case study engagement	`select_content` (content_type=case_study) from Home slider and Clients tiles; `cta_click` (case_study_bottom).
P3	Assist	GA4: share of leads whose path includes a case study.

7. Technical SEO

Priority	Item	Finding / Action

P1	Indexing	noindex while empty; check the portfolio_page type in the AIOSEO sitemap (include it only if you choose Option A and it has content).
P2	Slug base	/portfolio_page/ → /case-studies/ + 301s.
P2	Schema	`Article` (or CreativeWork) + `BreadcrumbList` (Home › Clients › Case study). No Review markup for testimonials on your own site.
P3	Slider performance	Home sliders load all item images. Keep one slider, lazy-load images, use WebP.

8. Changelog

Date	ID	Type	Change	Status
2026-10-25	PF-01	Decision	Option A: build out 3–6 case studies in the portfolio type (recommended) / Option B: retire it (301 → /clients/, remove the sliders)	Proposed
2026-10-25	PF-02	Urgent	noindex the empty portfolio item until it has content	Proposed
2026-10-25	PF-03	Add	Case-study content (template §5) with real, permitted numbers and quotes	Proposed
2026-10-25	PF-04	Change	Portfolio slug base → /case-studies/ + 301	Proposed
2026-10-25	PF-05	Fix	Home: one portfolio slider only, shown once 4+ items exist	Proposed
2026-10-25	PF-06	Add	Meta, image rename + alt, Article + BreadcrumbList schema, internal links	Proposed
2026-10-25	PF-07	Tracking	Case-study select_content + CTA events	Proposed

Status: DONE (audit complete) · This was the final item. All 34 items in the queue are audited.
