1. Summary

Area	Current state	Priority
Hidden ranking asset	Thanks to its SEO title, the gallery ranks **#4 for "crab island dolphin tours" (320/mo)**, #4–7 for "crab island dolphin cruise", "dolphin and crab island tour" and "destin crab island and dolphin cruise", and #5 for "destin dolphin watch and crab island sightseeing cruise". It's the site's best page for combo searches, but it has no booking button and no links to the tour pages.	**High**
Slug	`/our-charter/` doesn't describe a gallery. The homepage changelog suggested renaming it to `/gallery/`. **Revised: keep `/our-charter/`** so these top-5 rankings aren't put at risk.	**Medium**
Images: alt text	32 images: **5 empty alts**, **10 filename alts** ("IMG_7153", "IMG_7193 - Beach please Charters"...), 1 copied page title ("Is Crab Island Safe for Kids and Families?"), 4 that say "Fort Walton Beach", and **5 that say "Boat Rentals"**. Bikkini Bottom is a captained charter, not a rental, so those alts are inaccurate.	**High**
Page weight	13 gallery originals load full size (several are `-scaled` 2560px JPEGs) plus 19 single images, 2 of them PNG photos. Likely 10–20 MB on mobile (VERIFY in PageSpeed).	**High**
Content / headings	H1 "Gallery" plus a 1-sentence intro (about 50 words). No captions, no grouping by tour, no booking button.	**Medium**
Rank Math	Focus keyword "dolphin tours in destin fl" competes with the Dolphin page (ID 1457). The meta doesn't mention photos.	**Medium**

2. Keyword targeting

Keyword	Vol.	Now	Use
crab island dolphin tours	320	#4	**Keep** in the title. Add copy + a link to the Crab Island tour (which includes dolphin spotting).
crab island dolphin cruise / dolphin and crab island tour / destin crab island and dolphin cruise	40–50 each	#4–7	Covered by the same phrase

crab island runner and destin dolphin tours	210	#20	Competitor brand, so no action
glass bottom boat destin (various)	50–140	#58–79	Not offered, so don't target
bikkini bottom photos / crab island photos	low	—	H1 / H2

> **Decision:** focus keyword = **crab island dolphin tours** (the page already ranks for it). Remove "dolphin tours in destin fl" so the Dolphin page owns that term. The gallery's job is to convert combo searchers with photos and send them to the Crab Island and Dolphin booking pages.

H2 Life Aboard Bikkini Bottom

Our 49-passenger charter boat has shade, seating, a restroom onboard and plenty of deck space. Captains Daniel and Devin keep the music going and the trip safe.

H2 Crab Island Tour Photos

Clear, waist-deep water, floats and noodles, a paddleboard and the vendor boats. Here's what a day on our Crab Island tour looks like. Many guests spot dolphins on the way out, which is why it's one of the most popular **Crab Island dolphin tours** in Destin.

6. Image alt-text rewrite

Rule: describe what's in the photo, plus "Crab Island", "Destin" or the tour name where true. No "Fort Walton Beach", "Beach Please Charters" or "rental". Keep alts under 125 characters. Change them in Media Library → attachment → Alternative Text (applies site-wide where the image isn't overridden).

7. Technical fixes

Issue	Fix	Priority
Image weight	Elementor Gallery/Basic Gallery: thumbnail size = **Medium Large (768)**, link to the full-size file in a lightbox. Single Image widgets: Image Size = 768. Imagify: bulk optimize + WebP/AVIF delivery. LiteSpeed: lazy-load everything below the first row, and give the first 2 images `fetchpriority="high"`.	**High**
PNG photos	DSC06671.png and DSC06820.png (photos saved as PNG): re-export as JPEG/WebP and replace them via Media Library (Enable Media Replace plugin) so URLs survive.	**Medium**
Duplicates	IMG_7079 and IMG_2762 also appear on the Crab Island page and the homepage. That's fine, but skip them here if you have fresh shots.	**Low**
Filenames	Name future uploads descriptively (`crab-island-group-float-bikkini-bottom.jpg`), not UUIDs or "Beach-please-Charters".	**Low**
Captions	Turn on gallery captions (from the attachment caption field) for 1 short line per image. Captions are crawled text and improve image search.	**Low**
Image sitemap	VERIFY Rank Math → Sitemap → "Include Images" = on, so all gallery images get submitted.	**Low**
Schema	Rank Math → Schema: **ImageGallery** (or CollectionPage) with `about` → LocalBusiness `@id`; BreadcrumbList.	**Low**
