SEO Changelog — Elementor #2321 & Site Cleanup

URL: https://bikkinibottomboat.com/elementor-2321/ · **WP ID:** 2321 (page, **published**, Elementor) · **Audit date:** 2026-10-25 · **Audit page 24 of 24 (final)**
Sources: WordPress content, drafts list and SEO overview (site connector). This changelog closes the audit and includes a site-wide priority roll-up (§4).

1. What this page is

Finding	Detail	Priority
Published duplicate	"Elementor #2321" is a **live, public copy of the What Is Crab Island article** (created 2026-07-04, 20 minutes before the real page ID 2333). Same H1 "What Is Crab Island in Destin, FL?", same ~1,400 words and FAQs, but no title, meta, booking links or tour table. It competes with page 2333, which ranks #7 for "crab island location" (2,400/mo).	High
Thin signals	Title "Elementor #2321", slug `/elementor-2321/`, empty Rank Math fields. If indexed, Google sees two near-identical pages and may pick the wrong one, or split signals.	High
Image	`bowlegs-2-1024x1024.jpg` with alt "Crab Island". Reusable on page 2333 if it's a good shot.	Low

2. Fix

1. Compare the two versions. If #2321 has any sentence or image that 2333 lacks, copy it into 2333 first.
2. Rank Math → Redirections: **301 `/elementor-2321/` → `/what-is-crab-island/`**.
3. Move page 2321 to Trash (empty the trash after 30 days).
4. Check the Rank Math sitemap and GSC → Pages: make sure `/elementor-2321/` drops out; use URL Inspection on `/what-is-crab-island/` to request reindexing.
5. Search Elementor data for any internal links to `/elementor-2321/` and update them.

3. Related cleanup found during the audit

Item	Action
Draft page "Elementor #2617" (2026-10-16, empty slug)	Check whether it's work in progress. Delete it if not.
Draft post "Local Business Spotlight: Transportation" (ID 2254)	Earlier version of the Destin Elite spotlight (2256). Delete.
Draft post "test" (ID 2067)	Delete.

`elementor_library` templates (12) and `elementor-hf` footer (has a public URL `/elementor-hf/crab-island-tours-in-destin-fl/`)	Rank Math → Titles & Meta → Post Types: set `elementor_library` and `elementor-hf` to **noindex** and exclude them from the sitemap. VERIFY the footer URL isn't indexed in GSC. Its slug "crab-island-tours-in-destin-fl" collides in wording with page 599.
Uncategorized category (ID 5, empty)	Delete if it isn't the default category (see blog changelog).
Post-listing plugins (The Post Grid, Advanced Post Block, Advanced Posts Listing)	Keep one after the blog rebuild; deactivate the rest.

4. Site-wide priority roll-up (all 24 changelogs)

Critical: revenue-impacting, do this week

#	Fix	Changelog
1	Sunset & Dolphin "Book Now" opens the **Fireworks** item (550737). Point it at 550732.	03 Sunset/Fireworks
2	Contact page "Book Your Trip Now" → **WaveRez "beachpleasecharters"**. Switch to FareHarbor and search the whole site for "waverez".	06 Contact
3	No lead capture on the Bachelorette/Group page ($4k–$8k leads). Add an inquiry form, Request/Call CTAs and a sticky mobile bar.	13 Bachelorette
4	Booking CTAs and "Crab Island" links point to **originalcrabisland.com** (posts 2197, 2210, 2225, 2244). Replace site-wide.	16, 17, 18, 19
5	"Sunset Cruises" link is a **google.com/search** URL. Search site-wide for `google.com/search?q=`.	21 Spa spotlight
6	Stale FareHarbor links (`/calendar/2025/…`, `elementor-preview`) on Home, Crab Island, Sunset and Dolphin pages. Use evergreen item links.	01–04
7	Hurricane post still says "approaching". Add a back-on-the-water update.	22 Hurricane

High: ranking and accuracy

#	Fix	Changelog
8	Restaurants post: rebuild for "destin restaurants" (page-2 rankings for about 50k searches/month).	17
9	Dolphin page: unique copy targeting "destin dolphin cruise" (2,400/mo, KD 29); slug change.	04
10	Sunset page: target "sunset dolphin cruise destin" (cluster about 4,500/mo); slug change.	03
11	Missing H1 on pages 2333, 2345, 2363, 2375, 2381 and 2389 (H2 → H1); empty Rank Math fields on the guide pages.	08–13

12	Inaccurate "private charter is cheaper per person" claims. Correct them on the Cost, Public-vs-Private and Bachelorette pages.	09, 10, 13
13	Wrong durations: "3 & 4 hour" sunset/dolphin/fireworks in the What-is-Crab-Island table; 2 h vs 1.5 h on the Dolphin page.	04, 08
14	Footer links to non-existent slugs (/crab-island-tours/, /sunset-and-dolphin-tour-fireworks-cruise/, /contact-bikkini-bottom/).	01
15	Duplicate pages: Elementor #2321 (this page) and the Crab Island Excursion post. 301 both.	24, 16
16	Tracking: GTM + GA4, FareHarbor purchase tracking, and booking, phone and lead events.	01, 06, 13
17	Schema: LocalBusiness (with legalName Beach Please Charters LLC), TouristTrip offers with real prices, FAQPage.	01–05, 23

Owner input needed (collected from all changelogs)

- Is there a 3-hour Crab Island trip? Daytime dolphin trip: does it exist, and what are its length, price and times?
- Weather/cancellation policy (→ new policy page); deposit terms for private charters
- Cooler/ice policy; glass policy; decoration rules; sound system
- Captain license type; lifejacket sizes (infant/child); minimum age; kids' pricing
- Fireworks nights/season/start time (the fireworks post says Thursdays, West Jetties); departure times by season
- "Since 1978" claim; GBP address format (Suite 16?); office hours; is the phone text-enabled?
- Partner relationships (paid/reciprocal?) for the spotlights and footer logos; who operates originalcrabisland.com; is the WaveRez account still active?
- Post-hurricane operating status

5. Tracking

After the redirect, confirm in GSC that impressions for "what is crab island" / "crab island location" consolidate on `/what-is-crab-island/`. No page-level tracking is needed for #2321 once it's redirected.

6. Changelog (implementation checklist)

#	Change	Where	Status
1	Merge any unique bits into page 2333	Elementor	To do
2	301 /elementor-2321/ → /what-is-crab-island/; trash page 2321	Rank Math / Pages	To do
3	Delete drafts 2617 (if unused), 2254, 2067	Pages / Posts	To do
4	Noindex + sitemap exclusion for Elementor library and header/footer post types	Rank Math	To do

5	GSC: remove/inspect URLs; request reindex of /what-is-crab-island/	Search Console	To do
6	Work through the §4 roll-up, critical items first	Site-wide	To do

End of audit: 24 of 24 pages complete.
