SEO Changelog: What Is the Best Time to Go to Crab Island?

URL: https://crabislandtikitoursdestin.com/about-crab-island/best-time-to-visit-crab-island/ | WP page ID 791 (block content) | Last modified July 27, 2026 | Audit date: October 28, 2026 | Page 12 of the site queue

Method: this page and the overlapping blog post 910 were pulled from WordPress through the site connector. Template issues A to G (see the What Is Crab Island changelog) apply.

1. Summary

Item	Current state
Role	Answers "best time to go to crab island", "best time of day" and "best month". Planning-stage visitors deciding when to book.
SEO title	Best Time to Go to Crab Island | Day & Season Guide (51 characters, good)
Meta description	139 characters, no price. Keep.
Body copy	About 1,700 words. Clear time-of-day table, season-by-season section, group advice. No empty headings on this page.
Internal links	1 body link to FareHarbor and 1 broken sunset link. The September section doesn't link to the fall article.
Competing page	Post 910 "Best Time of Day to Visit Crab Island in Destin, Florida" targets the same query.

2. Critical fixes

#	Issue	Fix
1	P1 Duplicate page: post 910	Post 910 covers the same question with less detail and several defects: a 60-character meta description, a zero-width space at the end of its title, "bachelorette party, bachelorette party" typed twice, and a featured image in .heic format, which most browsers can't display. Move its one unique point (no time of day guarantees clear water; it depends on tide, wind and weather) into this page, then 301 post 910 to this URL.
2	P1 Sunset price and link	"A 1.5-hour sunset dolphin cruise at $600" appears twice. The Sunset page says from $400. Fix both, and change the broken /charters/sunset-cruise/ link to /charters/private-sunset-cruise-in-destin-fl/.
3	P1 Weather cancellation wording	This page: "full refund or a reschedule". Bachelorette page: "full refund or credit". Use the same synced policy text everywhere.
4	P2 Clear-water claim conflicts with post 910	This page says mornings have the clearest water. Post 910 says no time of day guarantees it. Both can be true: say mornings are usually clearer because fewer boats stir up the sand, but tide and wind matter too.

5	P2 Unsupported claims	"Weekend traffic can triple the boat count" and "Memorial Day, the Fourth of July, and Labor Day are the three heaviest days of the year." Present as your captain's observation ("In our experience...") unless you have counts. Water temperatures (60s in March/April, low to mid 80s in summer) should cite NOAA's coastal water temperature data or a local buoy.
6	P2 Template items	"$900" (twice), plain-text phone, footer self-link, FAQ markup.

3. SEO title and meta description

Field	Current	New
SEO title	Best Time to Go to Crab Island | Day & Season Guide	Keep. After the merge, consider **Best Time to Go to Crab Island: Time of Day, Month and Tide** (59 characters) to cover post 910's queries too.
Meta description	What is the best time to go to Crab Island? Mornings are calm, afternoons are social. May, early June, and September beat peak July crowds.	Keep.
Focus keyword	Primary: **best time to go to crab island**. Secondary: best time of day to visit crab island, best month for crab island, crab island crowds, crab island in september.

Turning the bold month labels and group paragraphs into H3s lets Google match "crab island in september" and similar long-tail searches to a specific section.

5. Content rewrites (paste-ready)

H2: Best Time for Clear Water (new)

> Mornings are usually clearer, because fewer boats and swimmers have stirred up the sand. But no single hour guarantees that famous emerald water. Tide, wind and recent weather all change visibility from day to day. An incoming tide that pushes Gulf water through the East Pass often helps, and a strong south wind or recent rain can cloud things up. See high tide vs low tide at Crab Island for more.

Confirm the incoming-tide point with your captain before publishing. It is commonly said locally, but this audit could not verify it.

H2: Best Month to Visit Crab Island (month table, add above the H3s)

Months	Water	Crowds	Notes
March to April	Cool (60s to low 70s)	Light, spring break weeks busier	Better for cruising than swimming
May to early June	Mid 70s to low 80s	Moderate	Best overall balance
Late June to August	Low to mid 80s	Peak	Afternoon storms, book early
September	Warm	Light after Labor Day	Locals' favorite; watch hurricane forecasts
October to February	Below 70 most days	Very light	Sunset and dolphin cruises

H3: September (add link)

> ... Hurricane season runs through November, so watch the forecast. Read more about why fall is a great time to visit Crab Island.

H3: October Through February (add link)

> ... Sandbar swimming loses its appeal below about 70 degrees, but a private sunset cruise runs well all year. For other ideas, see things to do in Destin besides Crab Island.

New FAQ

> **What is the best time of day for clear water at Crab Island?** Usually morning, before boat traffic stirs up the sand. Tide, wind and weather also matter, so clarity changes from day to day.

Fixed sentences

- "A 1.5-hour sunset dolphin cruise at $600" to "A 1.5-hour private sunset cruise (from $400)" once confirmed.
- "Weekend traffic can triple the boat count" to "In our experience, weekends bring two to three times as many boats as weekdays."
- "If we cancel for weather you get a full refund or a reschedule" to the synced policy text.
