SEO Changelog: Public Charter with Bikkini Bottom

URL: https://crabislandtikitoursdestin.com/elementor-892/ | WP page ID 892 (Elementor, Rank Math) | Last modified August 23, 2026 | Audit date: October 28, 2026 | Page 5 of the site queue

Method: page content and SEO meta were pulled from WordPress through the site connector. Sister-company facts (prices, boat size, address, phone) come from the Rank Math titles and descriptions on bikkinibottomboat.com, read through that site's connector. Confirm them with Bikkini Bottom before publishing.

1. Summary

Item	Current state
Role	Referral page that sends couples and small groups to the sister company's pay-per-seat tours. Linked from the Home page "Learn More" button.
URL	/elementor-892/ (Elementor's default slug, no keywords)
SEO title / meta	Both empty. Google will make up its own.
H1	Wrapped in three line breaks: `<h1>  Public Charter... </h1>`
Body copy	About 100 words, plus 7 empty paragraphs used as spacing. One em dash and a stray "!." typo.
Booking	Embedded FareHarbor calendar for the `bikkinibottomboat` account (all items).
Internal links	None. No links to bikkinibottomboat.com either.
Images	1 image, empty alt.
Sister site facts (bikkinibottomboat.com)	Crab Island tour tickets from $59.99 (4 hours), sunset dolphin cruise tickets from $25 (one page says $20), 49-passenger boat, BYOB 21+, restroom and lifejackets onboard, 530 Harbor Blvd with free parking, (850) 420-2540.

2. Strategy decision first

bikkinibottomboat.com already targets "Crab Island tours", "Crab Island tickets" and "Crab Island shuttle". If this page chases the same terms, the two sister sites compete for the same results. In my opinion the better play is to make this page a **comparison and referral page**: "Public tour or private charter? Here's how to choose," with the public option clearly sent to Bikkini Bottom. That gives it its own search angle ("crab island public vs private", "cheap way to get to crab island") and helps both businesses.

Alternative: if the owner wants Bikkini Bottom to own every public-tour search, set this page to noindex and keep it only as a landing spot for the Home button. Pick one before rewriting.

3. Critical fixes

#	Issue	Fix
1	P1 Default slug	Change the slug to `/public-crab-island-boat-tours-destin/`. WordPress and Rank Math will 301 the old /elementor-892/ URL; confirm it in Rank Math > Redirections. Update the Home and Private Charter links to the new URL.
2	P1 Empty SEO title and meta	Fill both (section 4).
3	P1 Public prices conflict across both sites	Home: public from $30. Private Charter page: public Crab Island from $60. Bikkini Bottom: Crab Island from $59.99, sunset from $25 or $20. Show "Crab Island from $59.99" and "Sunset from $25" (or whatever Bikkini Bottom confirms) on every page.
4	P1 H1 markup and spacer paragraphs	Remove the tags inside the H1 and delete the 7 empty paragraphs. Use Elementor spacing instead.
5	P2 Sister-company disclosure	State plainly that Bikkini Bottom is a separate sister company and that bookings go through its FareHarbor account, so customers know who to call.

4. SEO title and meta description

Field	Current	New
SEO title	(empty)	**Public Crab Island Tours vs Private Charters | Destin, FL** (57 characters)
Meta description	(empty)	**Need just a few seats? Book a public Crab Island tour with our sister company Bikkini Bottom from $59.99, or compare it with a private tiki charter for 18.** (155 characters)
WP page title	Public Charter with Bikkini Bottom Boat Tours	Public Crab Island Tours
Focus keyword	Primary: **public crab island tour**. Secondary: crab island public vs private, cheap way to get to crab island, pay per seat crab island, crab island tour for couples.

H1 and intro

> **H1:** Public Crab Island Tours in Destin, FL
>
> Don't need a whole boat? Our sister company, Bikkini Bottom Boat Tours, sells individual seats on Crab Island, sunset dolphin and fireworks trips from Destin Harbor. It's an easy, lower-cost option for couples, solo travelers and small groups. Bikkini Bottom is a separate company and handles its own bookings, so questions about public tours go to them at (850) 420-2540.

H2: Public Tour or Private Charter: Which Fits Your Group?

	Public tour (Bikkini Bottom)	Private tiki charter (us)
Who's on the boat	Shared with other guests, up to 49 passengers	Only your group, up to 18
Price	Per seat, from $59.99 for Crab Island	Per boat, from $800 for 4 hours
Schedule	Set departure times	Your choice of 4, 5, 6 or 8 hours
Best for	Couples, solo travelers, groups under about 8	Families, parties, groups of 10 to 18
Onboard	Restroom, lifejackets, BYOB (21+)	Bathroom, cooler with ice, Bluetooth speaker, BYOB

> Rough rule: once your group passes about 12 people, a private charter often costs about the same per person as public seats, and you get the boat to yourselves. *(Check the math against current prices: 14 seats at $59.99 is about $840, close to a 4-hour private charter.)*

H2: Public Tours From Bikkini Bottom

The calendar below shows live seats on Bikkini Bottom's tours. Pick a date and trip to reserve. Your booking and confirmation come from Bikkini Bottom. Meeting point: 530 Harbor Blvd, Destin, with free parking (per Bikkini Bottom).

H2: When a Private Tiki Charter Makes More Sense

If you're planning a birthday, a bachelorette party or a family trip with 10 or more people, a private Crab Island charter gives you the whole boat, your own schedule and a bathroom onboard. For an evening trip, see our private sunset cruise.

Ask Bikkini Bottom to link back here (or to the Private Charter page) from their "Public tour vs private charter" article for groups too small for their $4,000 private charter. That's a natural, relevant link between related businesses. Several Bikkini Bottom slugs (-2/, -2-2-2-2/) are messy; that belongs in a separate Bikkini Bottom audit.

8. Images

File	New alt
IMG_9253-e1787491747500-1024×832.jpg	Bikkini Bottom public boat tour at Crab Island in Destin. Rename the file, convert to WebP.

Add a second photo of the private tiki boat next to the comparison table, and set a featured image.

9. Technical

#	Item	Action
1	P1 Slug and redirect	See critical fix 1.
2	P2 Index decision	Indexed with the comparison angle (recommended) or noindex. Do not leave it indexed as a thin 100-word page.
3	P2 Schema	If indexed: FAQPage for the FAQ block only. Do not add Product/Offer schema for tours this business doesn't sell.
4	P3 Embed weight	The full-items Bikkini Bottom calendar loads every item. Use `items=` to show only Crab Island, sunset and fireworks, and check mobile LCP.

10. Tracking

Item	Setup
Embedded bookings	The calendar uses the `bikkinibottomboat` FareHarbor account. Purchases inside it report only to the GA4 property set in *that* account. If you want to see referrals from this site, ask Bikkini Bottom to add this site's GA4 ID as a second destination, or agree on a FareHarbor referral/ref code for bookings that start here.
outbound_click	Fire on every bikkinibottomboat.com and fareharbor.com/bikkinibottomboat link with `partner=bikkini_bottom` and `link_text`.

Upsell tracking	Fire `private_upsell_click` on links to the private charter, bachelorette and sunset pages. It shows how many public-tour shoppers switch to private.
Referral credit	If the two businesses share commission, record it on both sides with the same code so the numbers match.
