SEO Audit & Changelog: Services

URL: **https://rockstar-marketing.com/services/** · WP ID 11534 · Builder: Classic editor · SEO plugin: All in One SEO
Audit date: 2026-10-25 · Last modified in WP: 2022-09-13 · Page 2 of 33 in the site queue

Summary. This should be the hub that sends visitors and link equity to every service page. Right now it's a 460-word text block with **zero links**, no H1 or H2 in the content, no custom SEO title, and references to dead platforms and old algorithm updates (Google+ Local, Digg, StumbleUpon, "Panda and the recent Penguin updates"). Semrush shows it ranking only on page 4+ (#31 "seo destin", #51 "seo company destin fl"), so it gets no traffic. It also competes weakly with Home and /seo/ for the same SEO terms. The fix: make it the **"Digital Marketing Services in Destin"** hub, with one short section and a link per service, and clean up the outdated copy.

Method note: same as the Home audit. The live site can't be reached from the audit environment. Data comes from WordPress (connector), AIOSEO and Semrush US. *Verify live* = check in the browser.

1. Priority Fix List

#	Priority	Area	Issue → Fix
1	P1	Intralinking	0 internal links on a services hub. Link each service section to its page (/seo/, /social-media/, /video-marketing/, /web-design/) and link the city list to the location pages (§4).
2	P1	H1	The content has no H1. The theme probably prints "Services" as the title (*verify live*), which is a weak, generic H1. Set the H1 to **"Digital Marketing Services in Destin, Florida"**. In Burst, either change the page title or hide the theme title and add the H1 in the content; never output both.
3	P1	SEO title	Empty, so AIOSEO falls back to the default "Services – Destin, Florida Advanced Social Media and SEO Company". New: **"Digital Marketing Services in Destin, FL | Rockstar Marketing"** (59).
4	P1	Outdated content	Remove Google+ Local (shut down 2019), Digg/StumbleUpon (defunct), Twitter → X, "Panda and the recent Penguin updates" (2011–2012), "83% don't go past page 1" (unsourced). Rewrite in §5.
5	P1	Missing service	The meta description says "Video Marketing", but the page has no video section. Add one that links to /video-marketing/.
6	P2	Headings	All 6 sections are H3s with no H2 above them. New structure: H1 → H2 "Our Services" → H3 per service, then H2s for process, areas, FAQ and CTA (§3).
7	P2	Meta description	161 characters (gets truncated), generic, and the phrase "Video Marketing Web Design Company" is missing a comma. Rewrite (§2).
8	P2	Focus keyphrase	Empty. Set to "Digital Marketing Services Destin". Secondary: Destin marketing agency, Destin SEO services, online reputation management Destin, PPC management Destin.

9	P2	Copy errors	"If you miss you" → "If we miss your call"; "If they can't fine them" → "find"; "PPP pay-for-performance" → "PPC"; "in throughout" → "throughout"; "Google + Local" → Google Business Profile.
10	P2	CTA	No call to action, button, phone or form anywhere on the page. Add a CTA after the service grid and at the end.
11	P2	Schema	Add an `ItemList` of `Service` items (provider = Rockstar Marketing, areaServed = cities) and `FAQPage` for the new FAQ. Add `BreadcrumbList` (Home › Services).
12	P3	Thin service sections	Link Building, Reputation Management and PPC have no pages of their own. Keep them as sections here for now; add them to the backlog as future pages (PPC and reputation management have commercial intent).
13	P3	Visuals	The page has no images. Add an icon or image per service with alt text, plus a featured/OG image.
14	P3	City list	The run-on string of 18 city names, centered, with no links, reads as keyword stuffing. Replace it with the linked service-area block (§5).

<h2> **Our Digital Marketing Services**

<h3> **Search Engine Optimization (SEO)**
<p> Our local and national Destin SEO services put your business on the first page of Google, where most people stop looking. We handle technical SEO, keyword research, on-page content, local map rankings and link building, then report on rankings, traffic and leads every month. Learn more about SEO → [→ /seo/ ×2]

<h3> **Advanced Social Media Marketing**
<p> Social media is where your customers spend their time: Facebook, Instagram, TikTok, YouTube, LinkedIn, Pinterest and X. We build the strategy, create the content, manage your community and run paid social campaigns that grow a real audience and send it to your website. Learn more about social media marketing → [→ /social-media/]

<h3> **YouTube & Video Marketing**
<p> Video is the fastest way to earn attention and trust. We plan, produce and optimize YouTube videos, short-form reels and ad creative that rank in search and get shared, including a single video that reached more than 60 million people. Learn more about video marketing → [→ /video-marketing/]

<h3> **Web Design & Development**
<p> We design fast, mobile-first WordPress, Shopify and custom websites and eCommerce stores with SEO built in. When you call, we answer; if we miss your call, we'll get back to you within one business day. And you get full ownership of your website. Learn more about web design → [→ /web-design/]

<h3> **Pay-Per-Click (PPC) Advertising**
<p> PPC puts you at the top of Google, YouTube and social feeds right away. You choose who sees your ads and only pay when someone clicks. We build and manage Google Ads and Meta Ads campaigns with conversion tracking, so you know exactly what each lead costs.

<h3> **Link Building & Digital PR**
<p> Quality links from relevant websites help Google find, trust and rank your pages. We earn links through local partnerships, PR, directories and content worth citing, and we follow Google's spam policies so your rankings last.

<h3> **Online Reputation Management**
<p> There are no cookie-cutter fixes for reputation problems. We build a plan around your situation: generating more positive reviews, responding to negative ones, publishing original content you approve, and pushing outdated results down so people see the business you are today.

<h3> **Google Business Profile Optimization**
<p> Your Google Business Profile drives the map results and the "near me" searches. We optimize categories, services, photos, posts and reviews, and combine them with local SEO so you show up in the map pack across the Emerald Coast. [→ /destin-seo-company/]

<h2> **Which Service Is Right for Your Business?**
<p> Most clients get the best results by combining services: SEO and a strong Google Business Profile for steady local leads, social media and video to build demand, and PPC for immediate traffic while SEO ramps up. We'll recommend the mix that fits your goals and budget. You never pay for services you don't need.

<h2> **Areas We Serve on the Emerald Coast**
<p> From our office in Destin we serve businesses from Pensacola to Panama City Beach:

- **Destin:** SEO · Social Media · Web Design
- **Fort Walton Beach:** SEO · Social Media · Web Design
- **Santa Rosa Beach & 30A:** SEO · Social Media · Web Design
- **Pensacola:** SEO · Social Media · Web Design
- **Miramar Beach:** Social Media

<p> We also work with businesses in Niceville, Crestview, Navarre, Gulf Breeze, Shalimar, Valparaiso, Milton, Pace, Rosemary Beach, Alys Beach, Seaside, WaterColor, Grayton Beach, Blue Mountain Beach and Panama City. See all locations. [→ /locations/]

<h2> **Services FAQ**

<h3> **Do I have to sign up for every service?** <p> No. Every service is available on its own, and we only recommend a package when the combination will pay for itself.

<h3> **What's the difference between SEO and PPC?** <p> PPC buys you instant visibility for as long as you pay for clicks. SEO earns rankings that keep bringing in free traffic over time. Many businesses use PPC while their SEO builds.

<h3> **Do you work with businesses outside Florida?** <p> Yes. We run SEO, social media and video campaigns for clients nationwide. Read our full FAQ. [→ /faq/]

6. Tracking & Measurement

Priority	Item	Action
P1	CTA events	Fire `cta_click` with parameter `cta_location` (services_top / services_mid / services_bottom) on the 3 audit buttons, and `phone_call_click` on tel: links. Use the same names as on Home so reports roll up.
P2	Service interest	Fire `select_service` with `service_name` on every "Learn more" click. This shows which services visitors care about and helps guide content and ad spend.
P2	GA4 funnel	Build a GA4 funnel exploration: /services/ → service page → /contact-us/ → generate_lead.
P3	Scroll depth	Use the Enhanced Measurement 90% scroll event to check whether visitors reach the Areas and FAQ sections.

7. Technical SEO

Priority	Item	Finding / Action
P1	Duplicate H1	If you add an H1 in the content, turn off the theme's page title for this page (Burst page options → Show title area: No), or the page will have two H1s. *Verify live*.
P2	Template	The page uses the default (blank) template with classic content. Consider rebuilding it in WPBakery so it matches the look of Home, with icons, a service grid and CTA rows.
P2	Structured data	`ItemList` of `Service` + `FAQPage` + `BreadcrumbList` (AIOSEO breadcrumbs). Validate in the Rich Results Test.
P2	Keyword overlap	The page ranks at positions 31–71 for SEO terms that Home and /seo/ should own. The new "digital marketing services" focus removes the overlap; keep "SEO" mentions to the one SEO section.
P3	Content freshness	Not updated since 2022-09. Update the modified date once the rewrite is live (AIOSEO uses it in the sitemap lastmod).
P3	Menu	Make sure the "Services" menu item has the 4 service pages as a dropdown, so they get sitewide links (*verify live*).
